

# MUNICIPAL CORPORATION OF GREATER MUMBAI

(Chief Engineer(Development Plan) Department)

NO.CHE/DP/ 92 /Gen/2017-18 Dt. 02/02/2018.

CHE/DP/310361 Gen dt 2.2.18

## CIRCULAR

**Subject:** Integration of Electric Department for getting NOC from Electric Power supply Companies through Single Window Clearance System (SWCS)

**Vision:** To create easiness in getting Construction Permit through Single Window Clearance System (SWCS).

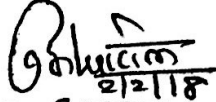

As per World Bank Doing Business Report 2017 one separate process for intimation to labour department after issuance of Commencement Certificate consuming 1 days time period is reflected. The number of Processes affects the World Bank Ranking of our Country.

Accordingly modification in the existing Single Window Clearance System (SWCS) application is made & Credentials are provided to the officials of electric power supply Companies, such as BEST, Reliance, TATA, MSEB, by which they can able to access SWCS application and give their remark/ NOC from their console.

The Provision to submit an application to concern electric agency can be selected from the dropdown menu: after clicking on submission button, application directly goes to the console of concern officials of selected electric power supply company, Log in ID and passwords are provided to those officials by which they can issue their remarks from their console through SWCS & electric agencies remarks/NOC will be received back in to the console of respective Building Proposal Officer. The provision for intimation through SMS & e-mail is also made in the said software application.

By implementation of the above said provision in SWCS, now, there is no need to make separate application to electric power supply companies for their remarks / NOC.

This circular is issued for information of the stakeholders to know about the above said provisions made in Single window Clearance System (SWCS).
