# DIRECTORY OF NGO'S / SOCIAL GROUPS / CORPORATES IN MUMBAI

Connecting Communities

2025

## **PREFACE**

Multiple NGO's, corporates and social groups in Mumbai are actively engaged in numerous CSR activities independently or through some institutions. Some of them are also working with BMC ward offices and BMC departments.

This document is an effort to compile a Directory of NGOs/ social groups/ corporates working in Mumbai on various subjects for better connect of BMC with civil society with inputs from departments like health, education, environment & others. The data is compiled as per inputs from BMC departments and information available in public domain. This would enable better connect of such institutions with the needy persons.

It is observed that one entity working in multiple areas, whereas one work-area has multiple entities. Further, level of information available varies from source to source. For ease of compilation a standard format is adopted and data is compiled in alphabetic order with available details. Currently, the data comprises of over 6,000 entities, to be streamlined subsequently with missing details and updating records over a period of time.

Further, it is proposed to add IT interface of the directory in BMC portal with search option based on area of work and wards.

This directory is to be built on a regular basis and will enable BMC to play a significant role in establishing connect between needy citizens with right institutions and also for support to civic activities.

**MUNICIPAL COMMISSIONER**
