SCOPE OF WORK AND TECHNICAL SPECIFICATIONS

I. Preamble:

BMC has installed 32 nos. of stationary compactor site chowkies at chronic and high MSW generation spots in Western Subs, division. Out of these compactor chowkies sites 29 Nos of sites are operational. These chowkies are equipped with loading platform and relevant hydraulic and electromechanical arrangement for loading, compression and unloading of MSW in hydraulically operated stationary compactors installed at the chowkies. There are 71 nos. of such stationary compactors for transporting MSW to landfill sites.

The instant tender is for Operation and Maintenance (O&M) of 15nos. of Stationary Compactor site Chowkies and 22 nos. of Stationary Compactors installed in Western Subs division alongwith to and fro transportation of stationary compactors to landfill site. The details of Stationary Compactor site Chowkies and stationary compactors covered under this tender are summarized below.

The details of Stationary Compactor site Chowkies and stationary compactors are attached as in annexures.

II: Mobilisation period:

No Mobilization period is given in this contract. Any reference related to mobilization period in the text of the tender shall be ignored. The successful contractor shall start the work as per the date of starting mentioned in the Letter of Acceptance.

III: Contract Period:39 days

As mentioned in the below Table:-

Sr. No .	No. of Stationary Compactors	No. of Stationary Compactor site Chowkies	No. Of Days/Contract Period
1	22 Nos	15 sites	Period of 39 days 01.10.2022 to 08.11.2022

+/- 25% variation in services in terms of Quantities as well as Time Period shall be binding on the Successful tenderer as per same rates, terms and conditions.

The tenderer shall note that if the regular contract of the subject work for a period of one year gets finalized, the subject tender contract shall be discontinued to that effect of finalization of one year tender.

IV: Quantum of Work:

The Operation & Maintenance of Stationary Compactor site Chowkies for stationary compactor and maintenance of stationary compactor including transportation to landfill site will be sole responsibility of the contractor. The contractor needs to carry out following works by deploying skilled manpower and machinery for O&M of Stationary Compactor site Chowkies and stationary compactors and transportation of stationary compactors using sufficient no. of prime movers.

Zonal E.E.(SWM) may decide the priority of lifting the stationary compactors in case of any exigency.
- c) The contractor shall provide Prime Mover services as per the requirement of the site given by user department.
- d) The contractor shall keep close liaison with the Zonal Executive Engineer (SWM) / A.E. (SWM) and his representatives at respective ward level for daily vehicular requirement and work performance.
- e) The contractor's representatives shall keep all records ward-wise and submit the reports desired to operate the program as suggested by the Zonal Executive Engineer (SWM) / A.E. (SWM).

f) A2 Guideline for the type of vehicle:

l) General:

The vehicles shall be road worthy as approved by R.T.O. conforming to rules and regulations prescribed in this respect from time to time or by any other concerned statutory and competent authorities regarding use of fuel or pollution control or any other notifications. The vehicles shall be in good condition so as to have service reliability. The vehicles shall adhere to all the rules, existing ones and those prescribed from time to time by Regional Transport Authority,

Mumbai or any other statutory authority including air pollution standards and measures in Mumbai. The copies of registration document shall be furnished to the Municipal Garage/Ward about the vehicles which are in daily use (in own or command). The bidder shall produce the original or attested copies of vehicle registration, RC Book, Comprehensive Insurance, applicable tax receipts, valid permits etc. on demand. Vehicles provided by the contractor shall be filled with adequate quantity of fuel and oil before starting of work. In no case any repair to the vehicles after reporting to the Municipal Garage /Wards will be allowed & such delay will be penalized. The consumables required for the operations of vehicles, shall also be provided in adequate quantity before starting of the work. The vehicle supplied shall be strictly adhering to and compliant to prevalent local RTO requirements, rules and regulations.

12 A Prime Mover Specifications:

The Prime Mover chassis shall have GVW of 35 Tons and shall be suitable to haul trailer/stationary compactor with payload of minimum 12 tons. It shall have driver's cabin as per the RTO requirements. The Prime Mover chassis shall comply with the approved emission standards permissible in Mumbai and engine developing suitable B.H.P., power steering and fifth wheel coupling, etc. suitable for towing/hauling operation of loaded stationary compactors. The Prime Mover chassis shall be provided with P.T.O. and pump suitable for operation of hydraulic system mounted on the stationary compactor for successful loading and unloading of refuse in it. The braking system for trailers shall be through palm coupling joint, as in the present prime mover and stationary compactors.

The Prime Mover shall be suitable to tow and tip the existing Stationary Compactors available in BMC fleet. The tenderer shall get himself acquainted with the types of stationary compactors available with BMC and understand their working system before quoting.

12B. Service:

1. The schedule of lifting of stationary compactors shall be decided by user department and same is liable to change or modified as directed by the Asst. Commissioner, Zonal Ex. Eng. (SWM) or Asst. Engineer (SWM) of concerned wards depending upon the requirement. The driver shall report to the concerned BMC officer at ward level and follow the instructions given to him from time to time.
2. The bidder shall note that vehicles deployed under contract shall ply anywhere within BMC limit if required. The contractor shall also provide services to adjoining division / zones /

groups as and when required by BMC at the same rate quoted by him for the group he is operating or the rate of the group he is directed to work, whichever is higher.

3. Zonal Ex.Eng.(SWM) will setup a mechanism by which the log sheets will be issued to the contractor from any one ward in the group. He shall assign the work of preparing log sheets in triplicate and preparing the schedule / program of lifting the stationary compactors to any one A.E.(SWM)/AHS (ward) / J.O.(SWM) or the representative of concerned wards in that group in coordination with the staff of the said Asst. Engineer (SWM) Ward, A.H.S.(Wards) or their representative of other wards. Asst. Engineer (SWM) Ward, A.H.S.(Wards) or their representative will ensure that the vehicle provided by the contractor is as per the indent as well as specification and R.T.O. requirement.

4. The log sheet in triplicate shall be maintained along with the vehicle and one copy of the log sheet shall be submitted to the concerned office placing the indent / call every month. The signature of the responsible person at the end of journey shall be obtained by the driver without which the log sheet will be considered as invalid. If there are any corrections in the log sheets, the same needs to be authenticated and verified by Zonal Ex.Eng.(SWM) or his authorised the representative of concerned wards in that group. If any log sheet is misplaced, duplicate log sheet shall be submitted with justification of Ex.Eng.(SWM) or his authorised the representative of concerned wards.

5. **User Department:** Asst. Commissioner, Zonal Ex. Eng. (SWM) or Asst. Engineer (SWM) / AHS of concerned wards

i) **Reporting Place:** As directed by Asst. Commissioner, Zonal Ex. Eng. (SWM) or Asst. Engineer(SWM), AHS of concerned ward.

ii) **Work Programme:** As directed by Asst. Commissioner or Asst. Engineer(SWM) or AHS of concerned ward.

- The user department shall place an indent for the services in coordination with the other user departments of the zone/group.

6. In case of any break-down, the tenderer shall replace the vehicle without any delay within two hours. If the alternate arrangement made by the contractor is received after two hours, 50% of the payment due for the service will be made. If no alternate arrangement is provided as specified, it will be treated as short supply and the penalty as specified will be deducted from tenderers bills / running bills.

7. In case the tenderer's vehicle fails on the road due to break-down, the tenderer will make necessary arrangement to transport the Stationary Compactor immediately with the other Prime Mover and transport the same to the site of disposal.

8. In case the tenderer fails to supply the vehicle on a stipulated shift, he is not entitled for the payment for that shift and the same will be treated as short supply of vehicle. Under the circumstances, the vehicles will be hired to complete the work at the Risk and Cost of tenderer or BMC machinery shall be utilized and the cost of the same will be deducted from tenderers bills / running bills.

9. In case of accident, BMC shall not shoulder any liability whatsoever and all claims first party and/or third party shall have to be settled by the successful tenderer indemnifying BMC. Tenderers will please note that the insurance for the vehicles should be Comprehensive insurance.

10. The tenderer shall have to supply the services as per the requirement of user Department. It is expected that the contractor shall supply the Prime Movers throughout the day as per the requirement of BMC or else the failure will attract due penalty. In case of additional supply of service, the contractor shall be intimated on previous day and the same shall be arranged by the contractor on next day without fail or else the failure will attract due penalty.

11. The successful bidder shall have to report the mechanical faults including tyre puncture complaints etc. observed in stationary compactors well in time in order to prevent major breakdowns. The calls shall be reported at Malad Garage. If at any stage, it is observed that the contractor has not reported the faults observed previously which has led to escalation of the same or given improper report which later on revealed to be non-existent and consequently led to non-attendance of the site, the same shall attract penalty of Rs.500/- per instance in addition to the penalty of short supply.

12. The quantity of vehicles stipulated in the tender is approximate, however, the bidder shall agree for the plus/minus 25% variations of services at the same rates, terms and conditions of the contract.

It is also likely that the sites in the group of wards may increase or decrease depending upon the requirement of BMC. The successful contractor shall attend these increased sites at the same rate, terms and conditions of the contract.

13. Tenderer shall arrange to submit the monthly bill along with the documents in prescribed format i.e. Daily log sheets, weighment slips, vehicle utilization statement, duly certified by Ward staff and Bill Verification Certificate in prescribed format (**Annexure F and G**) to the A.E.(SWM) ward for payment. The A.E.(SWM) ward will certify the bills with penalties mentioned therein and same shall be submitted to the concerned account unit through E.E. (Transport) for further processing.

14. The successful bidder will have to supply the vehicles from the day of issue of work order / letter of acceptance by BMC.

15. BMC may reduce the contract period or terminate the contract by giving prior notice of one month and /or without assigning any reason. The successful tenderers shall not object to the same and the BMC shall not entertain any demand for compensation.

16. The bidder shall provide the services in any group/zone, irrespective of allotted group/zone as and when required by BMC

17. The staff engaged by the successful tenderer for work of Operation & Maintenance of St. Compactors and Watch & Ward Chowkies and Transportation of Stationary Compactors with the help of Prime movers shall be provided with distinguished uniforms for the purpose of identification. Such uniforms shall carry a slogan / symbol if directed by BMC. The colour of the uniform shall be confirmed by the successful tenderer from the office of SWM-Transport Division. The successful tenderer shall provide all the necessary protective safety gears to their staff deployed for the work viz. mask, rubber gloves, shoes, etc. In addition, if required the successful tenderer shall also provide Sanitizers, Hand wash, PPE kits, etc. to their staff deployed for the work.

18. The contractor shall not park the stationary compactors at any place other than designated one. If it is found that the contractor has parked stationary compactors other than designated places, a penalty as per schedule shall be imposed upon him. Under exceptional circumstances, if the contractor has to inevitably park the stationary compactors at the places other than designated one, he shall not park the same on highways, freeways, service roads, arterial roads, places below flyover bridges which are prone to accidents. If any untoward incident occurs with prime mover and / or stationary compactors due to negligent attitude of the contractor, the onus of the same shall lie with contractor and he shall bear all responsibility whatsoever-legal, financial etc. of the untoward incident occurred owing to above mentioned

cause, indemnifying BMC.

19. BMC shall, if desired, fit / mount the GPS on all or any of the vehicles hired under this contract in order to keep the track and to monitor vehicle movement. The successful tenderer will have to ensure that the vehicles deployed under the contract for the users shall not be repeatedly changed, as changing of the vehicles will necessitate the shifting of the GPS from one vehicle to another. Further, the tenderer shall note that, in case it is utmost necessary for the successful tenderer to change the vehicle deployed for the use of particular user, the cost on account of shifting of the GPS system will have to be borne by the successful tenderer. In such cases, the work of shifting of the GPS system shall be got done by the successful tenderer immediately through the BMC appointed agency for GPS / VTMS as per their prevailing rates. Moreover, if the GPS / VTMS fitted on a particular vehicle is found damaged / defective during the currency of the contract, the same shall be got repaired / replaced by the successful tenderer immediately, at their cost, through the M.C.G.M. appointed agency and the cost on account of above replacement / repairing shall be deducted from the bills of the respective contractor.

In case, no agency is available with BMC for said shifting / repairing / replacement of the GPS / VTMS or the BMC appointed agency for GPS / VTMS is not in a position to carry out the GPS / VTMS shifting repairing / replacement work, the same will have to be got done by the successful tenderer through some other suitable agency, with the permission of the Executive Engineer (Transport).

The successful tenderer shall note that the installation of GPS / VTMS on all the vehicles being provided by the contractor shall be completed within one month from the date of commencement of work. Further, if the successful tenderer fails to get the GPS / VTMS installed on their vehicles within one month time and supplies the vehicle on hire any of the vehicles deployed for the use of particular user and vehicle is provided without fitment of GPS / VTMS, Rs.250/- per day per vehicle shall be deducted. In case of breakdown of the particular vehicle on the road, the fitment of GPS / VTMS on alternative vehicle in such eventualities will have to be done in four days. Fifth day onwards, penalty of Rs.250/- per day per vehicle shall be imposed for non-fitment of GPS/VTMS system.

20. A.E.(SWM) will instruct their subordinates and ensure that the Stationary Compactor site included in the programme on that particular day will be kept easily accessible for Prime Movers

by removing all sort of obstructions such as unauthorised parking of vehicles, handcarts, scrap etc. If the Stationary Compactor site is not accessible owing to above said reasons, the representative of transporting agency will maintain the photographs of the site conditions and produce the same to the authorized representative preparing the logsheets who verify the same and will give remarks on the logsheet regarding non-attendance of the Stationary Compactor site.

21. A.E.(SWM) wards will instruct the J.Os. and Supervisors concerned to have coordination with the Traffic Police Authorities or any concerned authorities and shall take the review of the site condition regularly to avoid any inconveniences experienced while attending the said stationary compactor.

22. Swapping of stationary compactors of one particular division to another is not allowed. If found indulging this activity, the concerned contractor will be penalized as per penalty schedule.

23. The contractor shall give no excuse such as delay in landfill site, road and traffic condition for irregular supply of prime mover or non-completion of the scheduled program. Under all such circumstances, which will hinder completion of the given program, the contractor shall deploy additional prime movers or machinery to complete the given program for the day. Non-completion of given program shall render the contractor liable for penalty of short supply.

24. The contractor shall take all the precautions while transporting the stationary compactor as regards mechanical safety of the same.

25. The successful tenderer shall insure proper loading of the Stationary Compactor. The successful tenderer shall carry minimum weight of 06 M.T. per trip. In case, it is found that the Stationary compactor has carried weight less than 06 M.T., proportionate rebate on pro-rata basis shall be effected in the prime mover hire charges payment for that particular Stationary Compactor for that particular trip and the same shall be calculated as follows:- $\text{Rebate} = \{ (P \text{ M hire charges per trip} - \frac{P \text{ M hire charges per trip}}{6} \times \text{Actual weight i.e. less than 6 M.T.}) \} / 6$

In case, the Stationary compactor has carried weight less than 06 M.T. and the same is due to special characteristics of the MSW viz. Foam, Leather, cotton, clothes pieces, etc. which require more volumetric space and are less in weight, the A.E.(SWM) Wards shall take specific sanction of the Zonal E.E. SWM to waive aforesaid clause regarding proportionate rebate on pro-rata basis on prime mover hire charges payment in such cases.

26. Although the list of sites attached in this document as Annexure-F, the contractor has to

operate and maintain other site also which is not included in this list. For which the contractor shall not take any objection.

27. Wherever it is observed that garbage is overflowing at certain site, the contractor is bound to make arrangement to clean the site with other vehicles confirming to SWM -2016 rule. Whenever such arrangement has to be made, the ward authorities will issue log sheets to the vehicles which the contractor will be utilizing to clear the site.

12D Work plan and Methodology:-

1. The Prime Movers shall reach before notified time at the Stationary Compactor site else penalty clauses will apply.
2. The tentative programme for towing the Stationary Compactor shall be given on every day, as per actual requirement by ward agencies. It will be the responsibility of the successful tenderer to take the indent / logsheets from the Municipal ward office on every day. The successful tenderer shall then supply requisite number of Prime Movers daily, as indented for the day. The successful tenderer's personnel should attend office daily to keep liaison with the representative of the Engineer of Contract.
3. The contractor shall complete the programme given to him under all circumstances and ensure that backlog of indented stationary compactors shall not remain at any point of time. In case of failure to complete the program, the user department shall impose the penalty as per the schedule.
4. The Prime Movers shall be used for removal of Municipal Solid Waste, as defined in M.S.W. (Management & Handling) Rules 2016 and its amendments thereafter.
5. All the tools, tackles, equipment and material required for successful completion of job shall be provided by the contractor under this contract, at his own cost.
6. The contractor shall ensure that all the safe working methods are adopted and shall use suitable safety equipment while execution of work. Any mishap occurrence shall be fully to the account of contractor and BMC shall not be responsible for it.
7. The contractor shall ensure that his workmen work peacefully without causing any disturbance between themselves or with other agencies. The regular working shall not be disturbed. Any damage to Municipal property shall be recovered from the contractor along with the heavy penalty, as decided by the Chief Engineer (SWM) / DMC(SWM).
8. No accommodation for the work force of the contractor personnel or protection for his material shall be provided. The contractor shall make his own arrangement at his own cost.
9. All the arrangement towards watch and ward of the plant, equipment, parking of vehicles, material brought at site will have to be made by the contractor, at his own cost. The BMC will not be responsible for damage, loss or theft of the same.
10. The contractor shall extend full co-operation and interaction with other agencies at site, if involved.
11. No escalation in the cost, of whatsoever nature, will be allowed while completing these works.
12. The successful tenderer shall take utmost care not to cause any nuisance due to noise, welding, operations etc. All proper precautions shall be taken by them in this respect.

SECTION 9
General Conditions of
Contract

General Conditions of Contract

A. General

1. Definitions

1.1 Terms which are defined in the Contract Data are not also defined in the Conditions of Contract but keep their defined meanings. Capital initials are used to identify defined terms. **The “Contract”** shall mean the tender and acceptance thereof and the formal agreement if any, executed between the Contractor, Commissioner and the Corporation together with the documents referred to therein including these conditions and appendices and any special conditions, the specifications, designs, drawings, price schedules, bills of quantities and schedule of rates. All these documents taken together shall be deemed to form one Contract and shall be complementary to one another.

The Contract Data defines the documents and other information which comprise the Contract.

The “Contractor” shall mean the individual or firm or company whether incorporated or not, whose tender has been accepted by the employer and the legal successor of the individual or firm or company, but not (except with the consent of the Employer) any assignee of such person.

The Bidder is a person or corporate body who has desired to submit Bid to carry out the Works, including routine maintenance till the tender process is concluded.

The Contractor's Bid is the completed bidding document submitted by the Contractor to the Employer.

The “Contract Sum” means the sum named in the letter of acceptance including Physical contingencies subject to such addition thereto or deduction there-from as may be made under the provisions hereinafter contained.

Note: The contract sum shall include the following –

- In the case of percentage rate contracts the estimated value of works as mentioned in the tender adjusted by the Contractor's percentage.
- In the case of item rate contracts, the cost of the work arrived at after finalisation of the quantities shown in schedule of items / quantities by the item rates quoted by the tenderer for various items and summation of the extended cost of each item.
- In case of lump sum contract, the sum for which tender is accepted.
- Special discount / rebate / trade discount offered by the tenderer if any and accepted by the Corporation.
 - Additions or deletions that are accepted after opening of the tenders.

The “Contract Cost” means the Contract Sum plus Price Variation. This cost shall be included in the letter of acceptance.

A Defect is any part of the Works not completed in accordance with the Contract.

The Defects Liability Certificate is the certificate issued by the Engineer, after the Defect Liability Period has ended and upon correction of Defects by the Contractor.

Drawings means all the drawings, calculations and technical information of a like nature provided by the Engineer to the Contractor under the Contract and all drawings, calculations, samples, patterns, models, operation & maintenance manual and other technical information of like nature submitted by the Contractor and approved by the Engineer.

The Authority shall mean Brihanmumbai Municipal Corporation (BMC)

The “Employer” shall mean the Municipal Corporation for Greater Mumbai / Municipal Commissioner for Greater Mumbai, for the time being holding the said office and also his successors and shall also include all “Additional Municipal Commissioners, Director (Engineering Services & Projects)” and the Deputy Municipal Commissioner, to whom the powers of Municipal Commissioner, have been deputed under Section 56 and 56B of the Mumbai Municipal Corporation Act.

The Engineer in-charge shall mean the Executive Engineer in executive charge of the works and shall include the superior officers of the Engineering department i.e. Dy.Ch.Eng/Ch.Eng. and shall mean and include all the successors in BMC

The Engineer's Representative shall mean the Assistant Engineer, Sub. Engineer/Jr. Engineer in direct charge of the works and shall include Sub Eng./ Jr. Eng of Civil section/ Mechanical section/ Electrical section appointed by BMC.

The “Engineer” shall mean the Western Subs Engineer / the Hydraulic Engineer / the Chief Engineer / the Special Engineer, appointed for the time being or any other officer or officers of the Municipal Corporation who may be authorized by the commissioner to carry out the functions of the Western Subs Engineer / the Hydraulic Engineer / the Chief Engineer / the Special Engineer or any other competent person appointed by the employer and notified in writing to the Contractor to act in replacement of the Engineer from time to time.

Contractor's equipment means all appliances and things whatsoever nature required for the execution and completions of the Works and the remedying of any defects therein, but does not include plant material or other things intended to form or forming part of the Permanent Works.

The Initial Contract Price is the Contract Price listed in the Employer's Letter of Acceptance.

The Intended Completion Date is the date on which it is intended that the Contractor shall complete the construction works. The Intended Completion Date is specified in the ContractData. The Intended

Completion Date may be revised only by the Engineer by issuing an extension of time.

Materials are all supplies, including consumables, used by the Contractor for incorporation in the Works and works of routine maintenance.

Plant is any integral part of the Works that shall have a mechanical, electrical, electronic, chemical, or biological function.

Routine Maintenance is the maintenance of activities of the completed structure for five years as specified in the Contract Data.

The "Site" shall mean the land and other places including water bodies more specifically mentioned in the special conditions of the tender, on, under in or through which the permanent works or temporary works are to be executed and any other lands and places provided by the Municipal Corporation for working space or any other purpose as may be specifically designated in the contract as forming part of the site.

Site Investigation Reports are those that were included in the bidding documents and are reports about the surface and subsurface conditions at the Site.

"Specification" shall mean the specification referred to in the tender and any modification thereof or addition or deduction thereto as may from time to time be furnished or approved in writing by the Engineer.

The Start Date/Commencement Date is given in the Contract Data. It is the date when the Contractor shall commence execution of the Works. It does not necessarily coincide with any of the Site Possession Dates.

A Nominated Sub-Contractor is a person or corporate body who has a Contract with the Contractor to carry out a part of the construction work and/or routine maintenance in the Contract, which includes work on the Site.

Temporary Works are works designed, constructed, installed, and removed by the Contractor that are needed for construction or installation of the Works.

Variation means a change to the:-

- i) Specification and /or Drawings (if any) which is instructed by the Employer.
- ii) Scope in the Contract which is instructed by the Employer.
- iii) Price in the Contract which is instructed by the Employer.

The Works, as defined in the Contract Data, are what the Contract requires the Contractor to construct, install, maintain, and turn over to the Employer. Routine maintenance is defined separately.

Jurisdiction: In case of any claim, dispute or difference arising in respect of a contract, the cause of action thereof shall be deemed to have arisen in Mumbai and all legal proceedings in respect of any claim, dispute or difference shall be instituted in a competent court in the Western Subs of Mumbai only.

2. Interpretation

2.1 In interpreting these Conditions of Contract, singular also means plural, male also means female or neuter, and the other way around. Headings have no significance. Words have their normal meaning under the language of the Contract unless specifically defined. The Engineer will provide instructions clarifying queries about these Conditions of Contract.

2.2 If sectional completion is specified in the Contract Data, references in the Conditions of Contract to the Works, the Completion Date, and the Intended Completion Date apply to any Section of the Works (other than references to the Completion Date and Intended Completion Date for the whole of the Works).

2.3 The documents forming the Contract shall be interpreted in the following documents: (1) Agreement, (2) Letter of Acceptance, (3) Notice to Proceed with the Work, (4) Contractor's Bid, (5) Contract Data, (6) Special Conditions of Contract Part (7) General Conditions of Contract Part I, (8) Specifications, (9) Drawings, (10) Bill of Quantities, and (11) Any other document listed in the Contract Data.

3. Engineer's Decisions

3.1 Except where otherwise specifically stated, the Engineer will decide contractual matters between the Employer and the Contractor in the role representing the Employer. However, if the Engineer is required under the rules and regulations and orders of the Employer to obtain prior approval of some other authorities for specific actions, he will so obtain the approval, before communicating his decision to the Contractor.

3.2 Except as expressly stated in the Contract, the Engineer shall not have any authority to relieve the Contractor of any of his obligations under the contract.

4. Delegation

4.1 The Engineer, with the approval of the Employer, may delegate any of his duties and responsibilities to other person(s), except to the Adjudicator, after notifying the Contractor, and may cancel any delegation after notifying the Contractor.

5. Communications

All certificates, notices or instructions to be given to the Contractor by Employer/ Engineer shall be sent on the address or contact details given by the Contractor of Bid. The address and contact details for communication with the Employer/ Engineer shall be as per the details given in Contract Data. Communications between parties that are referred to in the conditions shall be in writing. The Notice sent by facsimile (fax) or other electronic means shall be effective on confirmation of the transmission. The Notice sent by Registered post or Speed post shall be effective on delivery or at the expiry of the normal delivery period as undertaken by the postal service.

6. Subcontracting

6.1 Unless specifically mentioned in the contract subletting will not be allowed. Subletting, where otherwise provided by the contract shall not be more than 25% of the contract price.

6.2 The Contractor shall not be required to obtain any consent from the Employer for:

- a. the sub-contracting of any part of the Works for which the Subcontractor is named in the Contract;
- b. the provision for labour, or labour component.
- c. the purchase of Materials which are in accordance with the standards specified in the Contract.

6.3 Beyond what has been stated in clauses 6.1 and 6.2, if the Contractor proposes sub- contracting any part of the work during execution of the Works, because of some unforeseen circumstances to enable him to complete the Works as per terms of the Contract, the Employer will consider the following before according approval:

- a. The Contractor shall not sub-contract the whole of the Works.
- b. The permitted subletting of work by the Contractor shall not establish any contractual relationship between the sub-contractor and the BMC and shall not relieve the Contractor of any responsibility under the Contract.

6.4 The Engineer should satisfy himself before recommending to the Employer whether

- a. the circumstances warrant such sub-contracting; and
- b. the sub-Contractor so proposed for the Work possesses the experience, qualifications and equipment necessary for the job proposed to be entrusted to him.

7. Other Contractors

7.1 The Contractor shall cooperate and share the Site with other Contractors, public authorities, utilities, and the Employer between the dates given in the Schedule of Other Contractors, as referred to in the Contract Data. The Contractor shall also provide facilities and services for them as described in

the Schedule. The Employer may modify the Schedule of Other Contractors, and shall notify the Contractor of any such modification.

7.2 The Contractor should take up the works in convenient reaches as decided by the Engineer to ensure there is least hindrance to the smooth flow and safety of traffic including movement of vehicles and equipment of other Contractors till the completion of the Works.

8. Personnel

8.1 The Contractor shall employ for the construction work and routine maintenance the key personnel including technical personnel named in the Contract Data or other personnel approved by the Engineer. The Engineer will approve any proposed replacement of technical personnel only if their relevant qualifications and abilities are substantially equal to those of the personnel stated in the Contract Data.

8.2 The Contractor's personnel shall appropriately be qualified, skilled and experienced in their respective trades or occupations. The Engineer shall have authority to remove, or cause to be removed, any person employed on the site or works, who carries out duties incompetently or negligently and persists in any conduct which is prejudicial to safety, health or the protection of the environment.

8.3 If the Engineer asks the Contractor to remove a person who is a member of the Contractor's staff or work force, stating the reasons, the Contractor shall ensure that the person leaves the Site within seven days and has no further connection with the Works in the Contract.

8.4 The Contractor shall not employ any retired Gazetted officer who has worked in the Engineering Department of the BMC /State Government and has either not completed two years after the date of retirement or has not obtained BMC/State Government's permission to employment with the Contractor.

9. Employer's and Contractor's Risks

9.1 The Employer carries the risks which this Contract states are Employer's risks, and the Contractor carries the risks which this Contract states are Contractor's risks.

10. Employer's Risks

10.1 The Employer is responsible for the excepted risks which are (a) in so far as they directly affect the execution of the Works in the Employer's country, the risks of war, invasion, act of foreign enemies, rebellion, revolution, insurrection or military or usurped power, civil war, riot, commotion or disorder (unless restricted to the Contractor's employees) and contamination from any nuclear fuel or nuclear waste or radioactive toxic explosive, or (b) a cause due solely to the design of the Works, other than the Contractor's design.

11. Contractor's Risks

11.1 All risks of loss of or damage to physical property and of personal injury and death which arise during and in consequence of the performance of the Contract other than the excepted risks, referred to in clause 11.1, are the responsibility of the Contractor.

12.1 The Contractor at his cost shall provide, in the joint names of the Employer and the Contractor, insurance cover from the Start Date to the end of contract period, in the amounts and deductibles stated in the Contract Data for the following events which are due to the Contractor's risks:

- a) Loss of or damage to the Works, Plant and Materials;
- b) Loss of or damage to Equipment;
- c) Loss of or damage to property (other than the Works, Plant, Materials, and Equipment) in connection with the Contract; and
- d) Personal injury or death.

12.2 Insurance policies and certificates for insurance shall be delivered by the Contractor to the Engineer for the Engineer's approval before the Start Date. All such insurance shall provide for compensation to be payable in the types and proportions of currencies required to rectify the loss or damage incurred.

12.3 Alterations to the terms of insurance shall not be made without the approval of the Engineer.

12.4 Both parties shall comply with any conditions of the insurance policies.

12.5 If the Contractor does not provide any of the policies and certificates required, the Employer may affect the insurance which the Contractor should have provided and recover the premiums the Employer has paid, from payments otherwise due to the Contractor or if no payment is due, the payment of premiums shall be debt due

12.6 Site Investigation Reports

12.7 The Contractor, in preparing the Bid, may rely, at his own risk, on any Site Investigation Reports referred to in the Contract Data, supplemented by any other information available to him, before submitting the bid.

13. Queries about the Contract Data

13.1 The Engineer will clarify queries on the Contract Data.

14. Contractor to Construct the Works and Undertake Maintenance (if specified in the tender)

14.1 The Contractor shall construct, and install and maintain the Works in accordance with

the Specifications and Drawings and as per instructions of the Engineer.

14.2 The Contractor shall construct the works with intermediate technology, i.e., by manual means with medium input of machinery required to ensure the quality of works as per specifications. The Contractor shall deploy the equipment and machinery as required in the contract.

14.3 The Contractor shall take all reasonable steps to protect the environment on and off the Site and to avoid damage or nuisance to persons or to property of the public or others resulting from pollution, noise or other causes arising as a consequence of his methods of operation.

During continuance of the contract, the Contractor and his sub-contractors shall abide at all times by all existing enactments on environmental protection and rules made there under, regulations, notifications and byelaws of the State or Central Government, or local authorities and any other law, bye-law, regulations that may be passed or notification that may be issued in future by the State or Central Government or the local authority. Salient features of some of the major laws that are applicable are given below:

- The Water (Prevention and Control of Pollution) Act, 1974, this provides for the prevention and control of water pollution and the maintaining and restoring of wholesomeness of water. 'Pollution' means such contamination of water or such alteration of the physical, chemical or biological properties of water or such discharge of any sewage or trade effluent or of any other liquid, gaseous or solid substance into water (whether directly or indirectly) as may, or is likely to, create a nuisance or render such water harmful or injurious to public health or safety, or to domestic, commercial, industrial, agricultural or other legitimate uses, or to the life and health of animals or plants or of aquatic organisms.
- The Air (Prevention and Control of Pollution) Act, 1981, this provides for prevention, control and abatement of air pollution. 'Air Pollution' means the presence in the atmosphere of any 'air pollutant', which means any solid, liquid or gaseous substance (including noise) present in the atmosphere in such concentration as may be or tend to be injurious to human beings or other living creatures or plants or property or environment.
- The Environment (Protection) Act, 1986, this provides for the protection and improvement of environment and for matters connected therewith, and the prevention of hazards to human beings, other living creatures, plants and property. 'Environment' includes water, air and land and the inter-relationship which exists among and between water, air and land, and human beings, other living creatures, plants, micro-organism and property.
- The Public Liability Insurance Act, 1991, This provides for public liability insurance for the purpose of providing immediate relief to the persons affected by accident occurring while handling hazardous

substances and for matters connected herewith or incidental thereto. Hazardous substance means any substance or preparation which is defined as hazardous substance under the Environment (Protection) Act 1986, and exceeding such quantity as may be specified by notification by the Central Government.

- The Solid Waste Management Rules – 2015 This provides for management & handling of solid Waste
- BS-IV Emission Standards, this provides for emission standards of the vehicles to be used in the contract.

The Works and Routine Maintenance to be completed by the Intended Completion Date

16.1 The Contractor may commence execution of the Works on the Start Date and shall carry out the Works and Routine Maintenance, if specified in the tender, in accordance with the Programme submitted by the Contractor, as updated with the approval of the Engineer, and complete them by the Intended Completion Date.

17. Approval by the Engineer

17.1 The Contractor shall submit Specifications and Drawings showing the proposed Temporary Works to the Engineer, who is to approve them if they comply with the Specifications and Drawings.

17.2 The Contractor shall be responsible for design and safety of Temporary Works.

17.3 The Engineer's approval shall not alter the Contractor's responsibility for design and safety of the Temporary Works.

17.4 The Contractor shall obtain approval of third parties to the design of the Temporary Works, where required.

17.5 All Drawings prepared by the Contractor for the execution of the temporary or permanent Works, are subject to prior approval by the Engineer before their use.

18. Safety

18.1 The Contractor shall be responsible for the safety of all activities on the Site. He shall comply with all applicable safety requirements and take care of safety of all persons entitled to be on the site and the works. He shall use reasonable efforts to keep the site and the works, both during construction and maintenance, clear of unnecessary obstruction so as to avoid danger to the persons and the users.

☐ Workers employed on mixing asphaltic materials, cement and lime mortars shall be provided with protective footwear and protective goggles.

Stone breaker shall be provided with protective goggles and protective clothing and seated at

sufficiently safe intervals.

☒ The area should be barricaded or cordoned off by suitable means to avoid mishaps of any kind. Power warning signs should be displayed for the safety of the public whenever cleaning works are undertaken during night or day.

☒ The workers engaged for cleaning the manholes/sewers should be properly trained before allowing working in the manhole.

18.2 Safety Programs:-

I. Have adequate safety supervision in place to ensure that safety programs set up by the firms/agencies are in compliance with prevalent laws and regulations.

II. Review safety programs developed by each of the trade firms, prepare and submit a comprehensive safety program.

III. Monitor day to day implementation of safety procedures.

18.3 First Aid Facilities: -

i. At every work place there shall be provided and maintained, so as to be easily accessible during working hours, first-aid boxes at the rate of not less than one box for 150 contract labour or part thereof ordinarily employed.

ii. The first-aid box shall be distinctly marked with a red cross on white back ground.

iii. Adequate arrangements shall be made for immediate recoument of the equipment when necessary.

iv. Nothing except the prescribed contents shall be kept in the First-aid box.

v. The first-aid box shall be kept in charge of a responsible person who shall always be readily available during the working hours of the work place.

vi. A person in charge of the First-aid box shall be a person trained in First-aid treatment, in the work places where the number of contract labour employed is 150 or more.

19. Discoveries

19.1 Anything of historical or other interest or of significant value unexpectedly discovered on the Site shall be the property of the Employer. The Contractor shall notify the Engineer of such discoveries and carry out the Engineer's instructions for dealing with them.

20. Possession of the Site

20.1 The Employer shall handover complete or part possession of the site to the Contractor 7 days in advance of construction programme. At the start of the work, the Employer shall handover the possession of at-least 75% of the site free of all encumbrances, the remaining 25 % of the possession as per contractor's construction programme.

21. Access to the Site

21.1 The Contractor shall allow access to the Site and to any place where work in connection with the Contract is being carried out, or is intended to be carried out to the Engineer and any person/persons/agency authorized by: a. The Engineer b. The Employer or authorized by the Employer.

22. Instructions

22.1 The Contractor shall carry out all instructions of the Engineer, which comply with the applicable laws where the Site is located.

22.2 The Contractor shall permit the appointed and/or authorized persons to inspect the Site and/or accounts and records of the Contractor and its subcontractors relating to the performance of the Contract, and to have such accounts and records audited by auditors appointed, if so required. The Contractor's attention is invited to Clause of 'Fraud and Corruption', which provides, inter alia, that acts intended to materially impede the exercise of the inspection and audit rights provided for under the Clause & constitute a obstructive practice subject to contract termination.

22.3 Engineer to have power to issue further drawings or instructions:

The Engineer shall have the power and authority from time to time and at all times to make and issue such further drawings and to give such further instructions and directions as may appear to him necessary or proper for the guidance of the contractor and the good and sufficient execution of the works according to terms of the specifications and Contractor shall receive, execute, obey and be bound by the same, according to the true intent and meaning thereof, as fully and effectually as though the same had accompanied or had been mentioned or referred to in the specification, and the Engineer may also alter or vary the levels or position of nature of works contemplated by the specifications, or may order any of the works contemplated thereby to be omitted, with or without the substitution of any other works in lieu thereof, or may order any work or any portion of work executed or partially executed, to be removed, changed or altered, added if needful, may order that other works shall be substituted instead thereof and difference of expense occasioned by any such diminution or alteration so ordered and directed shall be added to or deducted from the amount of this Contract, as provided under condition no.10(a) hereinafter.

No work which radically changes the original nature of the Contract shall be ordered by the Engineer and in the event of any deviation being ordered which in the opinion of the Contractor changes the original nature of Contract he shall nevertheless carry it out and disagreement as to the nature of the work and the rate to be paid therefore shall be resolved in accordance with condition no.13d.

The time for completion of the Works, shall be in even of any deviations resulting in additional cost

over the contract price being ordered, be extended or reduced reasonably by the Engineer. The Engineer's decision in this case shall be final.

B. Time Control

23. Programme

23.1 Within the time stated in the Contract Data, the Contractor shall submit to the Engineer for approval a Programme, including Environment Management Plan showing the general methods, arrangements, order, and timing for all the activities in the Works, along with monthly cash flow forecasts for the construction of works.

After the completion of the construction works, the programme for the Routine Maintenance Work, showing the general methods, arrangements, order and timing for all the activities involved in the Routine Maintenance will also be submitted by the Contractor to the Engineer for approval if specified in the tender. The programme for Routine Maintenance will be submitted in each year for the period of Maintenance.

23.2 The Contractor shall submit the list of equipment and machinery being brought to site, the list of key personnel being deployed, the list of machinery/ equipments being placed in field laboratory and the location of field laboratory along with the Programme. The Engineer shall cause these details to be verified at each appropriate stage of the programme.

23.3 An update of the Programme shall be a programme showing the actual progress achieved on each activity and the effect of the progress achieved on the timing of the remaining Works, including any changes to the sequence of the activities.

23.4 The Contractor shall submit to the Engineer for approval an updated Programme at intervals no longer than the period stated in the Contract Data. If the Contractor does not submit an updated Programme within this period, the Engineer may withhold the amount stated in the Contract Data from the next payment certificate and continue to withhold this amount until the next payment after the date on which the overdue Programme has been submitted.

23.5 The Engineer's approval of the Programme shall not alter the Contractor's obligations. The Contractor may revise the Programme and submit it to the Engineer again at any time. A revised Programme shall show the effect of Variations and Compensation Events.

24. Extension Of Time In Contracts :

Subject to any requirement in the contract as to completion of any portions or portions of the works before completion of the whole, the contractor shall fully and finally complete the whole of the works comprised in the contract (with such modifications as may be directed under conditions of this contract) by the date entered in the contract or extended date in terms of the following clauses:

a) Extension attributable to BMC

(i) Extension Due To Modification: If any modifications have been ordered which in the opinion of the Engineer have materially increased the magnitude of the work, then such extension of the contracted date of completion may be granted as shall appear to the Engineer to be reasonable in the circumstances, provided moreover that the Contractor shall be responsible for requesting such extension of the date as may be considered necessary as soon as the cause thereof shall arise and in any case **should not be less than 30 days before the expiry of the date fixed for completion of the works.**

(ii) Extension For Delay Due To BMC: In the event of any failure or delay by the BMC to hand over the Contractor possession of the lands necessary for the execution of the works or to give the necessary notice to commence the works or to provide the necessary drawings or instructions or any other delay caused by the BMC due to any other cause whatsoever, then such failure or delay shall in no way affect or vitiate the contract or alter the character thereof or entitle the contractor to damages or compensation therefore, but in any such case, the BMC may grant such extension(s) of the completion date as may be considered reasonable.

Note: For extension of time period as governed in (i) and (ii) above, any modifications in design/drawings, specifications, quantities shall be needed to be justified with recorded reasons with approval of Ch.Eng. for not anticipating the same while preparing estimates and draft tender.

(b) Extension Of Time For Delay Due To Contractor : The time for the execution of the work or part of the works specified in the contract documents shall be deemed to be the essence of the contract and the works must be completed no later than the date(s) / the programme for completion of work as specified in the contract. If the contractor fails to complete the works within the time as specified in the contract for the reasons other than the reasons specified in above as (a.i) and (a.ii), the BMC may, if satisfied that the works can be completed by the contractor within reasonable short time thereafter, allow the contractor for further extension of time as the Engineer may decide. On such extension the BMC will be entitled without prejudice to any other right and remedy available on that behalf, to recover the compensation as governed by Clause 8(e) of GCC.

For the purpose of this Clause, the contract value of the works shall be taken as value of work as per contract agreement including any supplementary work order/contract agreement issued.

Further, competent authority while granting extension to the currency of contract under Clause (b) of as above may also consider levy of penalty, as deemed fit based on the merit of the case. Also, the reasons for granting extension shall be properly documented.

25. Delays Ordered by the Engineer

25.1 The Engineer may instruct the Contractor to delay the start or progress of any activity within the Works. Delay/delays totalling more than 30 days will require prior written approval of the DMC/AMC.

26. Management Meetings

26.1 The Engineer may require the Contractor to attend a management meeting. The business of a management meeting shall be to review the plans for progress of the Works.

26.2 The Engineer shall record the business of management meetings and provide copies of the record to those attending the meeting. The responsibility of the parties for actions to be taken shall be decided by the Engineer either at the management meeting or after the management meeting and stated in writing to all those who attended the meeting.

27. Deleted

28. Identifying Defects

28.1 The Engineer shall check the Contractor's work and notify the Contractor of any Defects that are found. Such checking shall not affect the Contractor's responsibilities. The Engineer may instruct the Contractor to search for a Defect and to uncover and test any work that the Engineer considers may have a Defect.

28.2 The Contractor shall permit the Employer's technical person(s) to check the Contractor's work and notify the Engineer and Contractor if any defects that are found.

29. Deleted

30. Correction of Defects

30.1 (a) The Engineer shall give notice to the Contractor of any Defects with respect to the equipment/vehicle/work during the contract period.

(b) Every time notice of Defect/Defects is given, the Contractor shall correct the notified Defect/Defects within the duration of time specified by the Engineer's notice.

(c) The Engineer may issue notice to the Contractor to carry out removal of defects or deficiencies, if any, noticed in his inspection, or brought to his notice. The Contractor shall remove the defects and deficiencies within the period specified in the notice and submit to the Engineer a compliance report.

31. Uncorrected Defects and Deficiencies

31.1 If the Contractor has not corrected a Defect under clause and deficiencies in maintenance, to the satisfaction of the Engineer, within the time specified in the Engineer's notice, the Engineer will assess the cost of having the Defect or deficiency corrected, and the Contractor shall pay this amount, on correction of the Defect or deficiency by another agency.

D. Cost Control

32. Variations

The Engineer shall, having regard to the scope of the Works and the sanctioned estimated cost, have power to order, in writing, Variations within the scope of the Works he considers necessary or advisable during the progress of the Works. Such Variations shall form part of the Contract and the Contractor shall carry them out and include them in updated Programmes produced by the Contractor. Oral orders of the Engineer for Variations, unless followed by written confirmation, shall not be taken into account.

33. Payments for Variations

33.1 If rates for Variation items are specified in the Bill of Quantities, the Contractor shall carry out such work at the same rate.

33.2 The rate for Extra/Excess shall be governed by clause 10.A of Standard General Condition of Contract

34. Cash Flow Forecasts

When the Programme is updated, the Contractor shall provide the Engineer with an updated cash flow forecast.

35. Payment Certificates

The payment to the Contractor will be as follows for construction work:

(a) A bill shall be submitted by the Contractor monthly or before the date fixed by the Engineer In-charge for all works executed in the previous month, and the Engineer In-charge shall take or cause to be taken requisite measurement for the purpose of having the same verified and the claim, so far as it is admissible, shall be adjusted, if possible, within 10 days from the presentation of the bill. If the contractor does not submit the bill within the time fixed as aforesaid, the Engineer In-charge may depute a subordinate to measure up the said work in the presence of the contractor or his duly authorized agent whose counter signature to the measurement list shall be sufficient warrant, and Engineer In-Charge may prepare a bill from such list which shall be binding on the contractor in all respects.

(b) The Engineer shall check the Contractor's fortnightly/monthly statement within 14 days and certify the amount to be paid to the Contractor.

(c) The value of work executed shall be determined, based on measurements by the Engineer.

(d) The value of work executed shall comprise the value of the quantities of the items in the Bill of Quantities completed.

(e) The value of work executed shall also include the valuation of Variations and Compensation Events.

- (f) The Engineer may exclude any item certified in a previous certificate or reduce the proportion of any item previously certified in any certificate in the light of later information.
- (g) The contractor shall submit all bills on the printed forms at the office of Engineer In-charge. The charges to be made in the bills shall always be entered at the rates specified in tender.

36. Payments

36.1 Payments shall be adjusted for deductions for advance payments, retention, security deposit, other recoveries in terms of the Contract and taxes at source, as applicable under the law. The Employer shall pay the Contractor the amounts certified by the Engineer within 15 days of the date of each certificate.

36.2 All sums payable by a contractor by way of compensation under any of these conditions, shall be considered as a reasonable compensation to be applied to the use of BMC without reference to the actual loss or damage sustained and whether any damage has or has not been sustained.

36.3 No payment shall be made for any work estimated to cost less than Rupees One Thousand till after the whole of work shall have been completed and the certificate of completion given. But in case of works estimated to cost more than Rs. One Thousand, the contractor shall on submitting a monthly bill therefore be entitled to receive payment proportionate to the part of the work than approved and passed by the Engineer In-charge, whose certificate of such approval and passing of the sum so payable shall be final and conclusive against the contractor. All such intermediate payments shall be regarded as payments by way of advance against the final payments only and not as payments for work actual done and completed and shall not preclude the Engineer In-charge from requiring any bad, unsound, imperfect or unskilful work to be removed or taken away and reconstructed or re-erected nor shall any such payment be considered as an admission of the due performance of the contract or any part thereof in any respect or the offering of any claim not shall it conclude, determine or effect in any other way, the powers of the Engineer In-charge as to the final settlement and adjustment of the accounts or otherwise, or in any other way vary or effect the contract. The final bill shall be submitted by the Contractor within one month of the date fixed for the completion of the work otherwise the Engineer In-charge's certificate of the measurements and of the total amount payable for the work shall be final and binding on all parties.

37. The Contractor shall not be entitled to compensation to the extent that the Employer's interests are adversely affected by the Contractor for not having given early warning or not having cooperated with the Engineer.

38. Tax

GST and other state levies / cess which are not subsumed under GST will be applicable. The tenderer will quote inclusive of all taxes. It is clearly understand that BMC will not bear any additional liability towards payment of any Taxes & Duties.

Wherever the Services to be provided by the Tenderers falls under Reverse Charge Mechanism, the Price quoted shall be exclusive of GST, but inclusive of Taxes / Duties / Cess other than GST, if any.

The Tenderer shall mandatorily upload the information of applicable tax in the pro-forma as enclosed under 'Special Annexure-I' given below in 'C' folder. Wherein the tenderer shall indicate in the tabular format, all the applicable taxes and their percentages and the tax amount considered while quoting the tender.

Rates accepted by BMC shall hold good till completion of work and no additional individual claim shall be admissible on account of fluctuations in market rates, increase in taxes / any other levies / tolls etc. except that payment / recovery for overall market situation shall be made as per price Variation.

"Chapter "XXI Miscellaneous, section 171 (1) of GST Act, 2017 governs the 'Anti Profiteering Measure' (APM).

As per provision of section, 'Any reduction in rate of tax on any supply of goods or services or the benefit of input tax credit shall be passed on to the recipient by way of commensurate reduction in prices.'

Accordingly, the contractor should pass on the complete benefit accruing to him on account of reduced tax rate or additional input tax credit, to BMC.

Further, all the provisions of GST Act will be applicable to the tender. "

39. Currencies

All payments will be made in Indian Rupees.

40. Liquidated Damages

Both, the Contractor and the Employer have agreed that it is not feasible to precisely estimate the amount of losses due to delay in completion of works and the losses to the public and the economy, therefore, both the parties have agreed that the Contractor shall pay liquidated damages to the Employer and not by way of penalty, at the rate per week or part thereof stated in the Contract Data for the period that the Completion Date is later than the Intended Completion Date. Liquidated damages at the same rates shall be withheld if the Contractor fails to achieve the milestones prescribed in the Contract Data. However, in case the Contractor achieves the next milestone, the amount of the

liquidated damages already withheld shall be restored to the Contractor by adjustment in the next payment certificate. The Employer and the contractor have agreed that this is a reasonable agreed amount of liquidated damage. The Employer may deduct liquidated damages from payments due to the Contractor. Payment of liquidated damages shall not affect the Contractor's other liabilities.

41. Cost of Repairs

Loss or damage to the Works or Materials to be incorporated in the Works between the Start Date and the end of the Defects Correction periods shall be remedied by the Contractor at his cost if the loss or damage arises from the Contractor's acts or omissions.

E. Finishing the Contract

42. Completion of Construction and Maintenance

42.1 The Contractor shall request the Engineer to issue a certificate of completion of the works, and the Engineer will do so upon deciding that the works is completed. This shall be governed as per clause no.8(g) of Standard General Conditions of Contract.

43. Taking Over

43.1 The Employer shall take over the works within seven days of the Engineer issuing a certificate of completion of works. The Contractor shall continue to remain responsible for its routine maintenance during the maintenance period if specified in the contract.

44. Final Account

Final joint measurement along with the representatives of the contractor should be taken recorded and signed by the Contractors. Contractors should submit the final bill within 1 month of physical completion of the work.

If the contractor fails to submit the final bill within 1 month, the BMC staff will prepare the final bill based on the joint measurement within next 3 months.

Engineer's decision shall be final in respect of claims for defect and pending claims against contractors.

No further claims should be made by the Contractor after submission of the final bill and these shall be deemed to have been waived and extinguished. Payment of those items of the bills in respect of which there is no dispute and of items in dispute, for quantities and rates as approved by the Commissioner shall be made within a reasonable period as may be necessary for the purpose of verification etc.

After payment of the final bill as aforesaid has been made, the contractor may, if he so desires, reconsider his position in respect of a disputed portion of the final bills and if he fails to do so within 84 days, his disputed claim shall be dealt with as provided in the contract.

A percentage of the retention money, over and above the actual retention money as indicated below shall be held back from payments till the finalization of final bill to be submitted as per above and will be paid within 30 days of acceptance of the final bill.

Sr.No.	Amount of Contract Cost	Minimum Payable amount in the bill
1	Up to Rs. 5 Cr.	Rs.10 Lacs or final bill whichever is more
2	Up to Rs. 25 Cr.	Rs.1 Crore or final bill amount whichever is more
3	Up to Rs. 50 Cr.	Rs.2 Crores or final bill amount whichever is more
4	Up to Rs. 100 Cr.	Rs.4 Crore or final bill amount whichever is more
5	More than Rs. 100 Cr.	Rs.7 Crore or final bill amount whichever is more

The contractor has to submit the bill for the work carried out within 15 days from the date of completion of the work to the respective executing department. If the contractor fails to submit their bills to concerned executing department, penalty or action as shown below will be taken for each delayed bill:-

After 15 days from the date of completion/running bill upto certain date, upto next 15 days i.e. upto 30 days	Equal to 5% of bill amount
Next 15 days upto 45 days from the date of completion/running bill upto specified date	Equal to 10% of bill amount
If not submitted within 45 days from the date of completion/ R.A. bill	Bill will not be admitted for payment.

45. Operating and Maintenance Manuals

45.1 If "as built" Drawings and/or operating and maintenance manuals are required, the Contractor shall supply them by the dates stated in the Contract Data.

45.2 If the Contractor does not supply the Drawings and/or manuals by the dates stated in the Contract Data, or they do not receive the Engineer's approval, the Engineer shall withhold the amount stated in the Contract Data from payments due to the Contractor.

46. Termination

46.1 The Employer or the Contractor may terminate the Contract if the other party causes a fundamental breach of the Contract.

46.2 Fundamental breaches of Contract shall include, but shall not be limited to, the following:

- a) the Contractor stops work for 30 days when no stoppage of work is shown on the current Programme and the stoppage has not been authorized by the Engineer;
- b) the Contractor is declared as bankrupt or goes into liquidation other than for approved reconstruction or amalgamation;

- c) the Engineer gives Notice that failure to correct a particular Defect is a fundamental breach of Contract and the Contractor fails to correct it within a reasonable period of time determined by the Engineer;
- d) the Contractor does not maintain a Security, which is required;
- e) the Contractor has delayed the completion of the Works by the number of days for which the maximum amount of liquidated damages can be paid, as defined in relevant clause.
- f) the Contractor fails to provide insurance cover as required under relevant clause .
- g) if the Contractor, in the judgment of the Employer, has engaged in the corrupt or fraudulent practices as defined in GCC in competing for or in executing the Contract.
- h) if the Contractor fails to set up a field laboratory with the prescribed equipment, within the period specified in the Contract Data; and
- i) any other fundamental breaches as specified in the Contract Data.
- j) if the Contractor fails to deploy machinery and equipment or personnel as specified in the Contract Data at the appropriate time.

46.3 When either party to the contract gives notice of a breach of contract to the Engineer for a cause other than those listed above, the Engineer shall decide whether the breach is fundamental or not.

46.4 Notwithstanding the above, the Employer may terminate the Contract for convenience.

46.5 If the Contract is terminated, the Contractor shall stop work immediately, make the Site safe and secure, and leave the Site as soon as reasonably possible.

47. Payment upon Termination

47.1 If the Contract is terminated because of a fundamental breach of Contract by the Contractor, the Engineer shall issue a certificate for value of the work done and materials ordered less liquidated damages, if any, less advance payments received up to the date of the issue of the certificate and less the percentage to apply to the value of the work not completed, as indicated in the Contract Data. If the total amount due to the Employer exceeds any payment due to the Contractor, the difference shall be recovered from the security deposit, and performance security. If any amount is still left un-recovered it will be a debt due from the Contractor to the Employer

47.2 If the Contract is terminated at the Employer's convenience, the Engineer shall issue a certificate for the value of the work done, the reasonable cost of removal of Equipment, repatriation of the Contractor's personnel employed solely on the Works, and the Contractor's costs of protecting and securing the Works and less advance payments received up to the date of the certificate, less other recoveries due in terms of the Contract, and less taxes due to be deducted at source as per applicable law.

48. Property

48.1 All Materials on the Site, Plant, Equipment, Temporary Works, and Works shall be deemed to be the property of the Employer for use for completing balance construction work if the Contract is terminated because of the Contractor's default, till the Works is completed after which it will be transferred to the Contractor and credit, if any, given for its use.

49. Release from Performance

Section 10

Fraud & Corrupt Practice

- The Applicants and their respective officers, employees, agents and advisers shall observe the highest standard of ethics during the Bidding Process. Notwithstanding anything to the contrary contained herein, the Authority may reject an Application without being liable in any manner whatsoever to the Applicant if it determines that the Applicant has, directly or indirectly or through an agent, engaged in corrupt practice, fraudulent practice, coercive practice, undesirable practice or restrictive practice in the Bidding Process.

Without prejudice to the rights of the Authority under relevant Clause hereinabove, if an Applicant is found by the Authority to have directly or indirectly or through an agent, engaged or indulged in any corrupt practice, fraudulent practice, coercive practice, undesirable practice or restrictive practice during the Bidding Process, such Applicant shall not be eligible to participate in any tender or RFQ issued by the Authority during a period of 2 (two) years from the date such Applicant is found by the Authority to have directly or indirectly or through an agent, engaged or indulged in any corrupt practice, fraudulent practice, coercive practice, undesirable practice or restrictive practice, as the case may be.

For the purposes of this Clause, the following terms shall have the meaning hereinafter respectively assigned to them:

D. “corrupt practice” means

the offering, giving, receiving, or soliciting, directly or indirectly, of anything of value to influence the actions of any person connected with the Bidding Process (for avoidance of doubt, offering of employment to, or employing, or engaging in any manner whatsoever, directly or indirectly, any official of the Authority who is or has been associated in any manner, directly or indirectly, with the Bidding Process or the LOA or has dealt with matters concerning the Concession Agreement or arising there from, before or after the execution thereof, at any time prior to the expiry of one year from the date such official resigns or retires from or otherwise ceases to be in the service of the Authority, shall be deemed to constitute influencing the actions of a person connected with the Bidding Process); or save and except as permitted under the relevant sub clause, engaging in any manner whatsoever, whether during the Bidding Process or after the issue of the LOA or after the execution of the Concession

Agreement, as the case may be, any person in respect of any matter relating to the Project or the LOA or the Concession Agreement, who at any time has been or is a legal, financial or technical adviser of the Authority in relation to any matter concerning the Project;

E. “fraudulent practice” means a misrepresentation or omission of facts or suppression of facts or disclosure of incomplete facts, in order to influence the Bidding Process;

“Coercive practice” means impairing or harming or threatening to impair or harm, directly or indirectly, any person or property to influence any persons participation or action in the Bidding Process;

1. **“undesirable practice”** means (i) establishing contact with any person connected with or employed or engaged by the Authority with the objective of canvassing, lobbying or in any manner influencing or attempting to influence the Bidding Process; or (ii) having a Conflict of Interest; and

2. **“Restrictive practice”** means forming a cartel or arriving at any understanding or arrangement among Applicants with the objective of restricting or manipulating a full and fair competition in the Bidding Process.

3. If the Employer/Financier determines that the Contractor has engaged in corrupt, fraudulent, collusive, coercive or obstructive practices, in competing for or in executing the Contract, then the Employer may, after giving 14 days’ notice to the Contractor, terminate the Contractor's employment under the Contract and expel him from the Site, and the provisions of relevant Clause shall apply as if such expulsion had been made.

4. Should any employee of the Contractor be determined to have engaged in corrupt, fraudulent, collusive, coercive, or obstructive practice during the execution of the Works, then that employee shall be removed in accordance with relevant Clause.

For the purposes of this Sub-Clause:

i. **“corrupt practice”** is the offering, giving, receiving to soliciting, directly or indirectly, of anything of value to influence improperly the actions of another party;

ii. **“another party”** refers to a public official acting in relation to the procurement process or contract execution. In this context, **“public official”** includes Financier staff and employees of other organizations taking or reviewing procurement decisions.

iii. **“fraudulent practice”** is any act or omission, including a misrepresentation, that knowingly or recklessly misleads, or attempts to mislead, a party to obtain a financial or other benefit or to avoid an obligation;

iv. **“collusive practice”** is an arrangement between two or more parties designed to

achieve an improper purpose, including to influence improperly the actions of another party;

v. “coercive practice” is impairing or harming, or threatening to impair or harm, directly or indirectly, any party or the property of the party to influence improperly the actions of a party;

vi. “obstructive practice” is deliberately destroying, falsifying, altering or concealing of evidence material to the investigation or making false statements to investigators in order to materially impede the Financier investigation into allegations of a corrupt, fraudulent, coercive or collusive practice; and/or threatening, harassing or intimidating any party to prevent it from disclosing its knowledge of matters relevant to the investigation or from pursuing the investigation; or

vii. acts intended to materially impede the exercise of the Financier’s inspection and audit rights provided .

viii. “party” refers to a public official; the terms “benefit” and “obligation” relate to the procurement process or contract execution; and the “act or omission” is intended to influence the procurement process or contract execution.

ix. “parties” refers to participants in the procurement process(including public officials) attempting to establish bid prices at artificial, non-competitive levels.

x. a “party” refers to a participant in the procurement process or contract execution.
