The bidder must quote price in Indian Rupees (₹) only.
Bid Validity	Proposals must remain valid till 180 days after the submission date.
Submission of Responses	Bidders must upload and submit all the documents on the Mahatender portal https://mahatenders.gov.in . <i>Each of the above documents must be uploaded in the format specified for this purpose.</i>
Submission of Proposals	This is online process; interested bidders are required to submit the proposal online only by the date and time specified for the RFP. No physical copies will be entertained from the bidders.
Last Date of Submission	Proposals submitted after the due date and time specified in this RFP or in trailing corrigendum if any will not be accepted by the e-Tender portal.
RFP Tender	All bidders shall pay Tender fee of ₹3000/- + GST @18% i.e. ₹3540/- online on Mahaportal In case of revision of the above-mentioned tender fee, bidders shall pay revised tender fee.

SECTION 2

ELIGIBILITY CRITERIA

Eligibility Criteria

A) 1.1 Technical Capacity

The tenderer(s) in their own name should have satisfactorily executed the work of similar nature or currently executing the work of similar nature as described in para 1.3 in BMC /Semi Govt. /Govt. & Public Sector Organizations during **last seven (7) years** ending last day of month previous to the one in which bids are invited as a prime Contractor.

Three similar completed/ongoing works (value of completed part of ongoing work) each costing not less than amount as mentioned below (Rs.)	Or	Two similar completed/ongoing works (value of completed part of ongoing work) each costing not less than amount as mentioned below (Rs.)	Or	One similar completed/ongoing work (value of completed part of ongoing work) each costing not less than amount as mentioned below (Rs.)
Rs. 4,94,800/-		Rs. 6,18,500/-		Rs. 9,89,600/-

The value of executed works shall be brought to current costing level by enhancing the actual value of work at compound rate of 10% per annum; calculated from the date of completion to last date of receipt of applications for tenders. However, in case of ongoing work no enhancement in the value of completed part of the work will be made.

1.2 Financial Capacity

The Bidder shall have achieved an average annual financial turnover as certified by 'Chartered Accountant' not less than **Rs. 7,42,200/-** in financial years 2020-21, 2021-22, 2022-23.

The value of each year's turn over shall be brought to current costing level by enhancing the actual value at compound rate of 10% per annum; calculated from the date of completion to last date of receipt of applications for tenders.

1.3 Similar Experience:

“Similar work shall mean; the bidder should be Original Equipment Manufacturer of Weighbridge and shall have carried out work of supply, installation, testing commissioning of computerized electronic weighbridge for any Government / Semi-Government Organizations / Public Sector Undertakings.”

Note: - The bidder shall disclose the litigation history in packet 'B' under the head "Details of Litigation History". If there is no Litigation History, the bidder shall specifically mention that there is no Litigation History against him as per the clause of Litigation History. In case there is litigation History –Litigation History must cover – Any action of blacklisting, debarring, banning, suspension, deregistration and cheating with BMC, State Govt., Central Govt. or any authority under State or Central Govt./ Govt. Organization initiated against the company, firm, directors, partners or authorized signatory shall be disclosed for last 5 years from the date of submission of bid. Also, bidder must disclose the litigation history for last 5 years from the date of submission of bid about any action like show cause issued, blacklisting, debarring, banning, suspension, deregistration and cheating with BMC & BMC is party in the litigation against the company, firm, directors, partners or authorized signatory for carrying out any work for BMC by any authority of BMC and the orders passed by the competent authority or by any Court where BMC is a party. While taking decision on litigation history, the concerned Chief Engineer or D.M.C. or Director, as may be the case, should consider the details submitted by bidder and take decision based on the gravity of the litigation and the details submitted by the bidder and take decision based on the gravity of the litigation and the adverse effect of the act of company, firm, directors, partners or authorized signatory on the BMC works which can spoil the quantity, output, delivery of any goods or any work execution and within the timeframe.

B) Bid Capacity:-

Bid Capacity not applicable in this case.

~~The bid capacity of the prospective bidders will be calculated as under:~~

~~**Assessed Available Bid Capacity = (A* N* 2 – B)**~~

~~Where,~~

~~A = Maximum value of Engineering works executed in any one year (year means Financial year) during the last five years (updated to the price level of the Financial year in which bids are received at a rate of 10% per year, compounded annually) taking into account the completed as well as works in progress.~~

~~N = Number of years prescribed for completion of the Project/Works, excluding monsoon period, for which these bids are being invited. (E.g. 7 months = 7/12 year) For every intervening monsoon, 0.33 shall be added to N.~~

~~B = Value of existing commitments (only allotted works) on the last date of submission of bids as per bidding document and on-going works to be completed during the period of completion of the Project/Works for which these bids are being invited.~~

~~**Note:** The statement showing the value of existing commitments and on-going works as well as the stipulated period of completion remaining for each of the works listed should be attached along with certificates duly signed by the Engineer in Charge, not below the rank of an Executive Engineer or equivalent.~~

Even though the bidders meet the above qualifying criteria, they are subject to be disqualified if they have:

- Have made misleading or false representation in the forms, statements and attachments submitted in proof of the qualification requirements; and/or
- Have record for poor performance such as abandoning the works, not properly completing the contract, inordinate delays in completion, or financial failures etc.

C) Infrastructural Set Up:

The bidder shall have their well-established office within the MMR Region. In case the bidder doesn't have an office, he shall give an undertaking on Rs. 500/- stamp paper that he shall set up an office within MMR within period of 60 days from the date of issue of LOA.

D) Joint Venture

Joint Venture is **not** allowed in this tender.

SECTION 3
DISCLAIMER

DISCLAIMER

The information contained in this e-tender document or provided to Applicant(s), whether verbally or in documentary or any other form, by or on behalf of the Brihanmumbai Municipal Corporation (BMC), hereafter also referred as “The Authority “, or any of its employees or advisors, is provided to Applicant(s) on the terms and conditions set out in this e-tender and such other terms and conditions subject to which such information is provided.

This e-tender includes statements, which reflect various assumptions and assessments arrived at by the Brihanmumbai Municipal Corporation (BMC) in relation to the Project. Such assumptions, assessments and statements do not purport to contain all the information that each Applicant may require. This e-tender may not be appropriate for all persons, and it is not possible for the Brihanmumbai Municipal Corporation (BMC), its employees or advisors to consider the investment objectives, financial situation and particular needs of each party who reads or uses this e-tender. The assumptions, assessments, statements and information contained in this e- tender may not be complete, accurate, adequate or correct. Each Applicant should therefore, conduct its own investigations and analysis and should check the accuracy, adequacy, correctness, reliability and completeness of the assumptions, assessments, statements and information contained in this e-tender and obtain independent advice from appropriate sources.

Information provided in this e-tender to the Applicant(s) is on a wide range of matters, some of which may depend upon interpretation of law. The information given is not intended to be an exhaustive account of statutory requirements and should not be regarded as a complete or authoritative statement of law. The Brihanmumbai Municipal Corporation (BMC) accepts no responsibility for the accuracy or otherwise for any interpretation or opinion on law expressed here.

The Brihanmumbai Municipal Corporation (BMC), its employees and advisors make no representation or warranty and shall have no liability to any person, including any Applicant or Bidder, under any law, statute, rules or regulations or tort, principles of restitution or unjust enrichment or otherwise for any loss, damages, cost or expense which may arise from or be incurred or suffered on account of anything contained in this e-tender or otherwise, including the accuracy, adequacy, correctness, completeness or reliability of the e-tender and any assessment, assumption, statement or information contained therein or

deemed to form part of this e-tender or arising in any way with pre-qualification of Applicants for participation in the Bidding Process. The Brihanmumbai Municipal Corporation (BMC) also accepts no liability of any nature whether resulting from negligence or otherwise howsoever caused arising from reliance of any applicant upon the statements contained in this e-tender.

The Brihanmumbai Municipal Corporation (BMC) may, in its absolute discretion but without being under any obligation to do so, update, amend or supplement the information, assessment or assumptions contained in this e-tender.

The issue of this e-tender does not imply that the Brihanmumbai Municipal Corporation (BMC) is bound to select and short-list pre-qualified Applications for Bid Stage or to appoint the selected Bidder or Concessionaire, as the case may be, for the Project and the Brihanmumbai Municipal Corporation (BMC) reserves the right to reject all or any of the Applications or Bids without assigning any reasons whatsoever.

The Applicant shall bear all its costs associated with or relating to the preparation and submission of its Application including but not limited to preparation, copying, postage, delivery fees, expenses associated with any demonstrations or presentations which may be required by The Brihanmumbai Municipal Corporation (BMC) or any other costs incurred in connection with or relating to its Application. All such costs and expenses will remain with the Applicant and the Brihanmumbai Municipal Corporation (BMC) shall not be liable in any manner whatsoever for the same or for any other costs or other expenses incurred by an Applicant in preparation or for submission of the Application, regardless of the conduct or outcome of the Bidding Process.

SECTION 4

INTRODUCTION

Background: -

The Brihanmumbai Municipal Corporation (BMC) covers an area of **437.71sq.kms.** with a population of **1.24 Crores** as per census of 2011. The metropolis accounts major portion of India's international trade and government's revenue, from being one of the foremost centers of education, science and technological research and advancement.

The Mumbai Metropolis has historic tradition of strong civic activism dedicated to the cause of a better life for all its citizens. And it's the Brihanmumbai Municipal Corporation (BMC), hereafter called the "corporation", the primary agency responsible for urban governance in BrihanMumbai.

BMC (The Authority) is one of the largest local self-governments in the Asian Continent. In observance of historic traditions of strong civic activism, with the change in time and living conditions to match with the urbanization, BMC has mainly focused in providing almost all kinds of engineering services viz, Hydraulics, storm water drain, sewerage, water supply projects, roads, bridges, solid waste management, and environmental services. Beside this, the BMC is also providing dedicated services in various segments such as Health, Primary Education as well as the construction and maintenance of Public Markets and Slaughter Houses.

BMC is an organization having different departments, right from engineering depts. to health depts. Moreover, we have other dept. like education, market, fire brigade dept., Octroi and other such departments where quite a good number of staff members are working.

In order to render the effective S.W.M. services with quick clearance of daily generated M.S.W. from 'G/N', 'F/N', 'L', 'H/E', 'H/W' & 'K/E' ward, mini compactors are unloaded at Kurla Refuse Transfer Station. Further, the unloaded refuse is removed and transported to Kanjur / Deonar Landfill for disposal by use of M.S. Closed Body vehicles. At present approximately 650 ($\pm 20\%$) MT MSW from above mentioned wards are unloaded daily at KRTS and then transported to principal dumping grounds.

SECTION 5
E-TENDERING ONLINE
SUBMISSION PROCESS

E-TENDERING ONLINE SUBMISSION PROCESS

The e-tender is available on BMC portal, <http://portal.mcgm.gov.in>, or Mahatender Portal (<https://mahatenders.gov.in>) as mentioned in the Header Data of the tender. The tenders duly filled in should be uploaded and submitted online on or before the end date of submission.

The Covers for prequalification / Technical eligibility and Financial bid of the tenderer will be opened as per the time-table shown in the Header Data in the office of Ch. Eng. (SWM) Project.

The Municipal Commissioner reserves the right to reject all or any of the e-Tender(s) without assigning any reason at any stage. The dates and time for submission and opening the tenders are as shown in the Header Data. If there are any changes in the dates the same will be displayed on the BMC Portal <http://portal.mcgm.gov.in> or Mahatender Portal (<https://mahatenders.gov.in>).

**SECTION 6
INSTRUCTIONS TO
APPLICANTS**

➤ **Scope of Application**

The Authority wishes to receive Applications for Qualification in order to SELECT experienced and capable Applicants for the Bid Stage.

➤ **Eligibility of Applicants**

The Brihanmumbai Municipal Corporation (BMC) invites e-tender to appoint Contractor for the aforementioned work from contractors of repute, multidisciplinary engineering organizations i.e. eminent firm, Proprietary/Partnership Firms/Private Limited Companies/Public Limited Companies/ Companies registered under the Indian companies' act 2013.

To be eligible for pre-qualification and short-listing, an Applicant shall fulfill the following conditions of eligibility:

Eligibility Criteria

A) 1.1 Technical Capacity

The tenderer(s) in their own name should have satisfactorily executed the work of similar nature or currently executing the work of similar nature as described in para 1.3 in BMC /Semi Govt. /Govt. & Public Sector Organizations during **last seven (7) years** ending last day of month previous to the one in which bids are invited as a prime Contractor.

Three similar completed/ongoing works (value of completed part of ongoing work) each costing not less than amount as mentioned below (Rs.)	Or	Two similar completed/ongoing works (value of completed part of ongoing work) each costing not less than amount as mentioned below (Rs.)	Or	One similar completed/ongoing work (value of completed part of ongoing work) each costing not less than amount as mentioned below (Rs.)
Rs. 4,94,800/-		Rs 6,18,500/-		Rs. 9,89,600/-

The value of executed works shall be brought to current costing level by enhancing the actual value of work at compound rate of 10% per annum calculated from the date of completion to last date of receipt of applications for

tenders. However, in case of ongoing work no enhancement in the value of completed part of the work will be made.

1.2 Financial Capacity

The Bidder shall have achieved an average annual financial turnover as certified by 'Chartered Accountant' not less than **Rs. 7,42,200/-** in financial years 2020-21, 2021-22, 2022-23.

The value of each year's turn over shall be brought to current costing level by enhancing the actual value at compound rate of 10% per annum; calculated from the date of completion to last date of receipt of applications for tenders.

1.4 Similar Experience:

2 "Similar work shall mean; the bidder should be Original Equipment Manufacturer of Weighbridge and shall have carried out work of supply, installation, testing commissioning of computerized electronic weighbridge for any Government / Semi-Government Organizations / Public Sector Undertakings."

Note: - The bidder shall disclose the litigation history in packet 'B' under the head "Details of Litigation History". If there is no Litigation History, the bidder shall specifically mention that there is no Litigation History against him as per the clause of Litigation History. In case there is litigation History –Litigation History must cover – Any action of blacklisting, debarring, banning, suspension, deregistration and cheating with BMC, State Govt., Central Govt. or any authority under State or Central Govt./ Govt. Organization initiated against the company, firm, directors, partners or authorized signatory shall be disclosed for last 5 years from the date of submission of bid. Also, bidder must disclose the litigation history for last 5 years from the date of submission of bid about any action like show cause issued, blacklisting, debarring, banning, suspension, deregistration and cheating with BMC & BMC is party in the litigation against the company, firm, directors, partners or authorized signatory for carrying out any work for BMC by any authority of BMC and the orders passed by the competent authority or by any Court where BMC is a party. While taking decision on litigation history, the concerned Chief Engineer or D.M.C. or Director, as may be the case, should consider the details submitted by bidder and take decision based on the gravity of the litigation and the details submitted by the bidder and take decision based on the gravity of the litigation and the adverse effect of the act of company, firm, directors, partners or authorized signatory on the BMC works which can spoil the quantity, output, delivery of any goods or any work execution and within the timeframe.

B) Bid Capacity

Bid Capacity not applicable in this case.

~~The bid capacity of the prospective bidders will be calculated as under:~~

~~**Assessed Available Bid Capacity = (A* N* 2 – B)**~~

~~Where,~~

~~A = Maximum value of Engineering works executed in any one year (year means Financial year) during the last five years (updated to the price level of the Financial year in which bids are received at a rate of 10% per year, compounded annually) taking into account the completed as well as works in progress.~~

~~N = Number of years prescribed for completion of the Project/Works, excluding monsoon period, for which these bids are being invited. (E.g. 7 months = 7/12 year) For every intervening monsoon, 0.33 shall be added to N.~~

~~B = Value of existing commitments (only allotted works) on the last date of submission of bids as per bidding document and on-going works to be completed during the period of completion of the Project/Works for which these bids are being invited.~~

~~**Note:** The statement showing the value of existing commitments and on-going works as well as the stipulated period of completion remaining for each of the works listed should be attached along with certificates duly signed by the Engineer in Charge, not below the rank of an Executive Engineer or equivalent.~~

Even though the bidders meet the above qualifying criteria, they are subject to be disqualified if they have:

- Have made misleading or false representation in the forms, statements and attachments submitted in proof of the qualification requirements; and/or
- Have record for poor performance such as abandoning the works, not properly completing the contract, inordinate delays in completion, or financial failures etc.

E) Infrastructural Set Up:

The bidder shall have their well-established office within the MMR Region. In case the bidder doesn't have an office, he shall give an undertaking on Rs.500/- stamp paper that he shall set up an office within MMR within period of 60 days from the date of issue of LOA.

F) Joint Venture

Joint Venture is **not** allowed in this tender.

G) Equipment Capabilities as required for this work:

The bidder should, undertake their own studies and furnish with their bid, a detailed Project and methodology supported with assessment study of requirements of equipment/vehicles & machineries to allow the employer to review their proposal. The successful bidder will make the arrangements of the required equipment/vehicles on the day of commencement or with respect

to the progress of the work in phases, as per the instructions of site in charge and as per specifications. The successful bidder and, to that effect he will ensure commitment on an undertaking on Rs.500/- stamp paper to be submitted along with the Bid in Packet B.

Bidders shall submit the undertaking for equipment/vehicle capability and other undertakings as such on Rs.500/- stamp paper.

H) Time Period of the Project:

The contract period of the project is 60 days (Excluding non working period) from the date of starting of work including mobilization period as mentioned in the specifications. The time allowed for carrying out the work as entered in the Tender shall be strictly observed by the Contractor and shall be reckoned from the date on which the Letter of Acceptance is given to the Contractor. The work shall throughout the stipulated period of the Contract be proceeded with all due diligence as time being deemed to be the essence of the contract on the part of the Contractor. The programme for completion of work for the period from the date of issue of letter of acceptance to the start date of the contract period shall be a part of the Contract Document in the form of Bar Chart / Gantt chart. The Contractor is supposed to carry out the work and keep the progress as per Bar Chart/GANTT Chart. The Contractor shall complete the work as per the Schedule given in the Contract and the programme submitted by the Contractor.

I) Contract Execution: -

All required documents for execution of the contract shall be submitted within 30 days from the date of issue of letter of acceptance. If the documents are not submitted within the stipulated time a penalty of Rs. 5000/- per day will be applicable to the contractor. All contract documents need to be duly affixed with stamp duty properly signed along with evidence/proof of payment of security/contract deposit/ within 30 days from the date of letter of acceptance received by him.

J) If the amount of the Contract Deposit to be paid above is not paid within 30 days from the date of issue of Letter of Acceptance, the Tender already accepted shall be considered as cancelled and legal steps will be taken against the contractor for recovery by forfeiting the EMD amount.

K) Action when whole of security deposit is forfeited:

In any case in which under any Clause of this contract, the contractor shall have rendered himself liable to pay compensation amounting to the whole of this security deposit whether paid in one sum or deducted by installments or in the case of abandonment of the work owing to serious illness or death of the contractor or any other cause, the Engineer on behalf of the Municipal Commissioner shall have power to adopt any of the following process, as he may deem best suited to the interest of BMC-

a) To rescind the contract (for which recession notice in writing to the contractor under the head of Executive Engineer shall be conclusive evidence) and in that case, the security deposit of the contract shall stand forfeited and be absolutely at the disposal of BMC.

b) To carry out the work or any part of the work departmentally debiting the contractor with the cost of the work, expenditure incurred on tools and plant, and charges on additional supervisory staff including the cost of work- charged establishment employed for getting the un-executed part of the work completed and crediting him with the value of the work done departmentally in all respects in the same manner and at the same rates as if it had been carried out by the contractor under the terms of his contract. The certificate of the Executive Engineer as to the costs and other allied expenses so incurred and as to the value of the work so done departmentally shall be final and conclusive against the contractor.

c) To order that the work of the contractor be measured up and to take such part thereof as shall be un-executed out of his hands, and to give it to another contractor to complete, in which case all expenses incurred on advertisement for fixing a new contracting agency, additional supervisory staff including the cost of work charged establishment and the cost of the work executed by the new contract agency will be debited to the contractor and the value of the work done or executed through the contractor shall be credited to the contractor in all respects and in the same manner and at the same rates as if it had been carried out by the new contractor under the terms of his contract. The certificate of the Executive Engineer as to all the cost of the work and other expenses incurred as aforesaid for or in getting the un-executed work done by the new contractor and as to the value of the work so done shall be final and conclusive against the contractor.

In case the contract shall be rescinded under Clause (a) above, the contractor shall not be entitled to recover or be paid any sum for any work there for actually

performed by him under this contract unless and until the Executive Engineer shall have certified in writing the performance of such work and the amount payable to him in respect thereof and he shall only be entitled to be paid the amount so certified. In the event of either of the courses referred to in Clause (b) or (c) being adopted and the cost of the work executed departmentally or through a new contractor and other allied expenses exceeding the value of such work credited to the contractors amount of excess shall be deducted from any money due to the contractor, by BMC under the contract or otherwise, howsoever, or from his security deposit or the sale proceeds thereof provided, however, the contractor shall have no claim against BMC even if the certified value of the work done departmentally or through a new contractor exceeds the certified cost of such work and allied expenses, provided always that whichever of the three courses mentioned in clauses (a), (b) or (c) is adopted by the Executive Engineer, the contractor shall have no claim to compensation for any loss sustained by him by reason of his having purchase or procured any materials or entered in to any engagements or made any advance on account of or with a view to the execution of the work or the performance of the contract.

L) Contract may be rescinded and security deposit forfeited for bribing a public officer or if contractor becomes insolvent

If the contractor assigns or sublets his contracts or attempt so to do, or become insolvent or commence any proceeding to get himself adjudicated and insolvent or make any composition with his creditors, or attempt so to do or if bribe, gratuity, gift, loan, perquisite, reward or advantage, pecuniary or otherwise, shall either directly or indirectly be given promised or offered by the contractor or any of his servants or agents through any public officer, or person in the employ of BMC/Govt. in any way relating to his office or employment, or if any such officer or person shall become in any way directly or indirectly interested in the contract the Engineer In-charge may thereupon, by notice in writing rescind the contract and the Security Deposit of the Contractor shall thereupon stand forfeited and be absolutely at the disposal of BMC and the same consequences shall ensure as if the contract had been rescinded under above clause J hereof; and in addition the contractor shall not be entitled to recover or be paid for any work therefore actually performed under the contract.

➤ **Submission of Tenders**

The subject shall clearly bear the following identification/ title: "**Queries/Request for Additional Information: TENDER for "Subject of the tender"**" Any changes in mail ID will be intimated on the portal.

3. In case of **Equal Rate of lowest bidders (L1)**, the allotment of work shall be done by giving **48 hrs (2 working days)** from the day of opening of Financial cover on same BID-Document number **for re-quoting** and such development needs to done by IT department in Mahatender Portal (<https://mahatenders.gov.in>). **Till such development is made; 'Sealed Bids' shall be called from the bidders quoting the same rates i.e. L1.**

In case of **equal rate** of lowest bidders is obtained **even after re-quoting**, then the successful bidder will be decided by **lottery system** by Chief Engineer (SWM)Project.

4. TENDERERS ARE REQUESTED TO GO THROUGH THE E-TENDER GUIDELINES ON NIC PORTAL (<https://mahatenders.gov.in>) for registration, enrolments for digital signature certificate and user manual, please refer to respective links provided in e-tendering tab. The vendors can get digital signature from any one of the certifying authorities (CA's) licensed by the controller of certifying authorities namely Safes crypt, IDRBT, National Informatics Centre, TCS, Customs, MTNT, GNFC and E-mudra.

A. *General*

- A.** While every effort has been made to provide comprehensive and accurate background information and requirements and specifications, Bidders must form their own conclusions about the SI support required. Bidders and recipients of this RFP may wish to consult their own legal advisers in relation to this RFP.
- B.** All information supplied by Bidders may be treated as contractually binding on the Bidders, on successful award of the assignment by the purchaser on the basis of this RFP

No commitment of any kind, contractual or otherwise shall exist unless and until a formal written contract has been executed by or on behalf of the purchaser. Any notification of preferred Bidder status by the purchaser shall not give rise to any enforceable rights by the Bidder. Purchaser reserves rights to cancel this procurement at any time without any notice and reason.

- C.** This RFP supersedes and replaces any previous public documentation & communications, and Bidders should place no reliance on such communications.

B. *Compliant Bids / Completeness of Response*

- A.** Bidders are advised to study all instructions, forms, terms, requirements, appendices and other information in the RFP documents carefully. Submission of the bid / proposal shall be deemed to have been done after careful study and examination of the RFP document with full understanding of its implications.
- B.** Failure to comply with the requirements of this paragraph may render the Proposal non-compliant and the Proposal may be rejected. Bidders must:
 - a. Comply with all requirements as set out within this RFP.
 - b. Submit the forms as specified in this RFP and respond to each element in the order as set out in this RFP
 - c. Include all supporting documentations specified in this RFP

C. *Code of Integrity*

- A.** No official of a procuring entity or a bidder shall act in contravention of the codes which includes
 - I. prohibition of
 - a. Making offer, solicitation or acceptance of bribe, reward or gift or any material benefit, either directly or indirectly, in exchange for an unfair advantage in the procurement process or to otherwise influence the procurement process.
 - b. Any omission, or misrepresentation that may mislead or attempt to mislead so that financial or other benefit may be obtained or an obligation avoided
 - c. Any collusion, bid rigging or anticompetitive behavior that may impair the transparency, fairness and the progress of the procurement process.
 - d. Improper use of information provided by the procuring entity to the bidder with an intent to gain unfair advantage in the procurement process or for personal gain.
 - e. Any financial or business transactions between the bidder and any official of the procuring entity related to RFP or execution process of contract; which can affect the decision of the procuring entity directly or indirectly.
 - f. Any coercion or any threat to impair or harm, directly or indirectly, any party or its property to influence the procurement process.
 - g. Obstruction of any investigation or auditing of a procurement process.
 - h. Making false declaration or providing false information for participation in a bidding process or to secure a contract;
 - II. Disclosure of conflict of interest.
 - III. Disclosure by the bidder of any previous transgressions made in respect of the provisions of sub-clause (a) with any entity in any country during the last three years or of being debarred by any other procuring entity.

- B.** In case of any reported violations, the procuring entity, after giving a reasonable opportunity of being heard, comes to the conclusion that a bidder or prospective bidder, as the case may be, has contravened the code of integrity, may take appropriate measures.

D. Key Requirements of the Bid

A. Right to Terminate the Process

- I. Purchaser may terminate the RFP process at any time and without assigning any reason. Purchaser makes no commitments, express or implied, that this process will result in a business transaction with anyone.
- II. This RFP does not constitute an offer by Purchaser. The Bidder's participation in this process may result Purchaser selecting the Bidder to engage towards execution of the contract.

B. RFP Scrutiny Fee

- I. The RFP documents have been made available to be download without any fee from the website <https://portal.mcgm.gov.in>.
- II. Bidders will need to submit the receipt of fee paid to process EMD refund.
- III. Bidders shall submit scrutiny fee to any CFC of BMC after technical scrutiny .

C. Submission of Responses

- I. Bidders should submit their responses as per the procedure specified in the manuals published on Mahatender portal (<https://mahatenders.gov.in>) being used for this purpose. Generally, the items to be uploaded on the portal would include all the related documents mentioned in this Model RFP, such as:
 - a. EMD Receipt
 - b. Pre-qualification response
 - c. Technical Proposal & Financial Proposal
 - d. Additional certifications/documents Eg. Power of Attorney, CA certificates on turnover, etc.
- II. However, each of the above documents must be uploaded in the format specified for this purpose and as per the specified structure in the Mahatender portal.
- III. The bidder must ensure that the bid is digitally signed by the Authorized Signatory of the bidding firm and has been duly submitted (freezed) within the submission timelines. The Purchaser will in no case be responsible if the bid is not submitted online within the specified timelines.
- IV. All the pages of the Proposal document must be sequentially numbered and must contain the list of contents with page numbers. Any deficiency in the documentation may result in the rejection of the Bidder's Proposal.
- V. Please Note that Prices should not be indicated in the Pre-Qualification Proposal or Technical Proposal.

D. Authentication of Bids

A Proposal should be accompanied by a power-of-attorney / Authorization in the name of the signatory of the Proposal. Copy of the same should be uploaded under the relevant section/folder on the Mahatender portal. Furthermore, the bid must also be submitted online after being digitally signed by an authorized representative of the bidding entity.

E. Preparation and Submission of Proposal

A. Proposal Preparation Costs

- I. The Bidder shall be responsible for all costs incurred in connection with participation in the RFP process, including, but not limited to, costs incurred

in conduct of informative and other diligence activities, participation in meetings/discussions/presentations, preparation of proposal, in providing any additional information required by Purchaser to facilitate the evaluation process, and in negotiating a definitive contract or all such activities related to the bid process.

- II. Purchaser/BMC will in no case be responsible or liable for those costs, regardless of the conduct or outcome of the bidding process.

B. Language

The Proposal should be filled by the Bidders in English language only. If any supporting documents submitted are in any language other than English, translation of the same in English language is to be duly attested by the Bidders. For purposes of interpretation of the documents, the English translation shall govern.

C. Venue & Deadline for Submission of Proposals

The response to RFPs must be submitted on the Mahatender portal (<https://mahatenders.gov.in>) by the date and time specified in RFP Schedule for the RFP. Any proposal submitted on the portal after the mentioned deadline will not be accepted and hence shall be automatically rejected. Purchaser shall not be responsible for any delay in the submission of the documents.

D. Late Bids

- I. Bids submitted after the due date will not be accepted by the Mahatender system and hence will automatically be rejected. The Purchaser shall not be responsible for any delay in the online submission of the proposal
- II. Bids submitted by telex/telegram/fax/e-mail/post etc. shall not be considered. No correspondence will be entertained on this matter.

F. Evaluation Process

A. Evaluation

- I. Purchaser will evaluate the responses of the Bidders.
- II. Purchaser shall evaluate the responses to the RFP and all supporting documents / documentary evidence. Inability to submit requisite supporting documents / documentary evidence, may lead to rejection.
- III. The decision of the Purchaser in the evaluation of responses to the RFP shall be final. No correspondence will be entertained outside the process of evaluation with the Purchaser.
- IV. The Purchaser may ask for meetings with the Bidders to seek clarifications on their proposals
- V. The Purchaser reserves the right to reject any or all proposals on the basis of any deviations.
- VI. Each of the responses shall be evaluated as per the criteria and requirements specified in this RFP.
- VII. If it is found that the Bidder has not submitted required documents as per Pre- Qualification folder or Technical Folder then the Bidder shall be intimated to comply with the said documents within 3 days from the intimation from Purchaser (through email), **otherwise 10% EMD will be forfeited and/or the proposal will be treated as non-responsive.**
- VIII. Purchaser reserves the right to accept or reject any or all the Bids without assigning any reason. Moreover, if no intimation is provided by purchaser then the documents submitted cannot be deemed as accepted.

B. Bid Opening

- I. The Proposals submitted up to due date and time will be opened on Date & time mentioned in RFP Schedule by Purchaser or any other

officer authorized by Purchaser, in the presence of such of those Bidders or their representatives who may be present at the time of opening.

- II. The representatives of the Bidders should be advised to carry the identity card or a letter of authority from the bidding firms to identify their bonafides for attending the opening of the proposal.

C. Bid Validity

The offer submitted by the Bidders should be valid for minimum period of **180 days** from the date of submission of bid.

D. Bid Evaluation

- I. Initial Bid scrutiny will be held and incomplete details as given below will be treated as non-responsive. If Proposals;
 - a. Are not submitted as specified in the RFP document
 - b. Received without the Letter of Authorization / Power of Attorney
 - c. Are found with suppression of details
 - d. With incomplete information, subjective, conditional offers and partial offers submitted
 - e. Submitted without the documents requested in the checklist
 - f. Have non-compliance of any of the clauses stipulated in the RFP
 - g. With lesser validity period
- II. All responsive Bids will be considered for further processing as below.
 - a. Purchaser will prepare a list of responsive/eligible Bidders, who comply with all the Terms and Conditions of the RFP. All eligible bids will be considered for further evaluation according to the Evaluation process defined in this RFP document. The decision of the Purchaser will be final in this regard.

E. Technical Qualification Criteria

- a. Bidders who meet the pre-qualifications/eligibility requirements would be considered as qualified to move to the next stage of Technical and Financial evaluations.
- b. The Product offered should meet all the technical and functional specifications given in the section "Scope of Work". Non-compliance to any of the technical and functional specification will attract rejection of the proposal.
- c. Bidders, whose bids are responsive, based on minimum qualification criteria as in Pre- Qualification Criteria would be considered technically qualified.

F. Commercial Bid Evaluation

- a. The Financial Bids of technically qualified Bidders will be opened on the prescribed date in the presence of Bidder representatives if available.
- b. The Bidder, who has submitted the lowest Commercial bid, shall be selected as the L1 and shall be called for further process leading to the award of the contract.
- c. Only fixed price financial bids indicating total price for all the deliverables and services specified in this bid document will be considered.
- d. The bid price will include all taxes and levies and shall be in Indian Rupees.
- e. Any conditional bid would be rejected.
- f. Errors & Rectification: Arithmetical errors will be rectified on the following basis: "If there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price

and quantity, the unit price shall prevail and the total price shall be corrected. If there is a discrepancy between words and figures, the amount in words will prevail”

G. Award of Contract

A. Award Criteria

Purchaser will award the Contract to the successful Bidder whose proposal has been determined to be substantially responsive and has been determined as the most responsive bids as per the process outlined above.

B. Right to Accept Any Proposal and to Reject Any or All Proposal(s)

Purchaser reserves the right to accept or reject any proposal, and to annul the bidding process / Public procurement process and reject all proposals at any time prior to award of contract, without thereby incurring any liability to the affected Bidder or Bidders or any obligation to inform the affected Bidder or Bidders of the grounds for Purchaser action.

H. Notification of Award

Prior to the expiration of the validity period, Purchaser will notify the successful Bidder in writing or by fax or email, that its proposal has been accepted. In case the bidding process/ public procurement process has not been completed within the stipulated period, Purchaser, may like to request the Bidders to extend the validity period of the bid.

I. Signing of Contract

Post submission of Performance Guarantee by the successful Bidder, Purchaser shall enter into a contract, incorporating all clauses of RFP, pre-bid clarifications and the proposal of the Bidder between Purchaser and the successful Bidder.

J. Failure to Agree with the Terms and Conditions of the RFP

A. Failure of the successful Bidder to agree with the Draft Legal Agreement and Terms & Conditions of the RFP shall constitute sufficient grounds for the annulment of the award, in which event Purchaser may award the contract to the next best value Bidder or call for new proposals from the interested Bidders.

B. In such a case, the Purchaser shall invoke the PBG of the responsive Bidder.

K. Conflict of Interest

The Vendor shall disclose to Purchaser in writing, all actual and potential conflicts of interest that exist, arise or may arise (either for the Vendor the Bidder's team) in the course of performing the Service(s) as soon as practical after it becomes aware of that conflict.

A bidder may be considered to be in a conflict of interest if the bidder or any of its affiliates participated as a consultant in the preparation of the solicitation documents/RFP for the procurement of the goods and services that are the subject matter of the bid.

SECTION 7

SCOPE OF WORK

Scope of Work:

Kurla Refuse Transfer Station (KRTS) is one of the important facilities where refuse/ MSW is collected & transported from wards in city division and is transferred & transported to final disposal sites at Kanjur / Deonar. About 650(±20% variation) MT of refuse is handled at KRTS daily.

At Kurla Refuse Transfer Station (KRTS), on an average daily about 650M.T. (±20% variation) of refuse will be received from 'G/N', 'F/N', 'L', 'H/E', 'H/W' & 'K/E' Wards by approximately 300 Municipal and private refuse vehicle. The received MSW then transported to final disposal sites at Kanjur / Deonar by contractual closed body tipper vehicles.

Therefore, in order to maintain proper record of the total quantity received and transported to final disposal sites at Kanjur / Deonar, it necessary to install weigh bridge at KRTS.

The work of construction of the RCC platform and its allied works at KRTS is being carried out by Civil section of this department. The successful bidder shall carry out the work of SITC of Weighbridge in consultation and co-ordination with the civil section of this department.

The work shall be carried out as per the specifications given below strictly under the supervision of BMC staff.

The scope of work would involve a complete turnkey solution (but not limited) design, fabrication, Supply, delivery at site, unloading, erection, testing, and commissioning of 60 MT capacity electronic semi portable weighbridge along with its allied equipments and all other necessary works in order to complete the work.

A) S.I.T.C. of Mechanical, electrical and electronic devices such as

- MS Platform
- Load cell
- Digitizer
- Interconnecting cable
- Junction box
- Jumbo Display
- Portable cabin of 10 feet × 12 feet × 8 feet for weighbridge
- electrical cable and fittings for cabin
- Air Conditioning System
- Computer
- Printer
- UPS

B) Maintenance work

The tenderer(s) shall upload the manual/ catalogue of the weighbridge, load cell & other accessories/ utilities with packet B for evaluation of technical eligibility of the tenderer. The successful bidder shall provide free repair and maintenance service for the period of one year from the installation of the 60 MT weigh-bridges.

2. VISIT TO THE SITE

Before tendering, the Tenderer shall visit the site and examine the site, ascertain the actual quantum of work, collect full information and satisfy him to the nature of the work to be done. Tenderer shall confirm all the required quantities. It will be the responsibility of the Tenderer to consider for all minor works and accessories irrespective of whether the same are specifically indicated/described hereunder or not, but essential and necessary for the completion and due performance of the equipments and the electrical systems.

No extra charges will be entertained / allowed in consequences of any misunderstanding or incorrect information or on the grounds of insufficient description.

The Tenderer, after visiting the site if finds any discrepancies, omissions, ambiguities or conflicts in or among the tender documents, or to be in doubt as to their meaning, he shall bring the same to the notice of BMC's Engineer in writing and get clarification before uploading the tender.

3. BASIC OPERATION OF THE SYSTEM

The Electronic Weigh-bridge platform is made up of a framework of girders adequately reinforced with transverse beams and suitable non-slip top deck with Pit / Pit less Structure. The entire steel framework is mounted on strain gauge Compression Type Load Cells (08 Nos Load Cells) depending on length of the platform. The shear stress produced by the load is detected by a strain gauge, full bridge circuit and converted into an analog electrical signal. Signal from each load cell is fed to Junction Box. Output from Junction Box is fed to Microprocessor based weighbridge Intelligent Terminal. The digitizers processes the signal from the Junction-box using an ADC, based on time proven technique and weight is registered on LED display. The data is also recorded in a PC provided with the system and weights displayed in the PC monitor.

All data is entered through the PC Keyboard, printout of all data can be obtained from the attached printer. In event of failure of PC, the facility should be there to directly couple the printer to weighing system so as to get the direct print of weighment without PC.

4. GENERAL REQUIREMENT.

- A. The contract comprises of design, manufacture, delivery, trial runs, tests, installation, stamping, commissioning, guarantee of the works, including, the provisions of all labour, materials, manufacturing plant, temporary works and everything whether of temporary or permanent nature for completion of works.
- B. The work shall be executed to the highest standards using best quality material. The system design shall use state of art techniques. The contractor shall ensure that the entire specification is complied with. It shall be the responsibility of the contractor to demonstrate compliance of technical as well as functional specifications.
- C. The completed installation shall be subject to checks at all stages and tests as prescribed in the bid or as deemed necessary by the BMC. The contractor shall be liable to rectify such defects during these checks and tests and make good all deficiencies at his own cost
- D. The site is near the refilled land and near the creek ground and prone to the land settlement due to sea / creak weather. Tenderer has to take care to provide the materials suitable for tropical climate
- E. It is essential on part of the tenderer to visit the site prior to submission of the offer. Safe load bearing capacity of the soil strata for deciding the foundation shall be verified by conducting soil test. Accordingly suitable civil foundation for weighbridge shall be designed. It shall be sole responsibility of the successful bidder to carry out civil work with proper structural stability of subject tender work & submit the structural stability certificate from concern authorized expert/consultant.
- F. The work shall be carried out after the layout is finalized by BMC engineer. The work shall be carried out as per the relevant standards.
- G. The contractor shall at all times during the execution of the works maintain the site and working area free from all surplus materials, rubbish and offensive matter all of which shall be disposed of in a manner to be approved by the Corporation on the completion of the works, the contractor shall clear away and remove from the site all constructional plants, surplus materials, rubbish and temporary works in a manner to be approved by the Corporation and leave whole of the site and works clean and in a workman like condition.
- H. All offices, sheds and stores required by the contractor shall be erected at his own cost with the prior approval of the Corporation and shall be dismantled and removed upon the completion of the contract, immediately after the issue of such intimation. Such buildings shall be subject to the

approval of the Corporation and shall be maintained in a clean and hygienic condition throughout the period of work.

- I. When the machinery installation and other structures of the specific part of the works are ready for operation, the contractor shall intimate for trial run. The Corporation shall there upon fix the date for the trial run/test run and inspection. The contractor shall be present at the time of trial runs and inspection. In case the required results are not obtained and the machinery, equipment, the installation and related structures do not fulfil the requirements of the specifications and appropriate standard, the contractor shall remedy all deficiencies and defects in so far as such works are covered by the contract, tests shall be repeated until satisfactory results are obtained. The contractor shall be responsible for arranging test weights and any other items required for initial trial runs/trial test.
- J. The contractor shall arrange for a training to BMC's or designated personnel at site. Hands-on operational and diagnostic training in all aspects of software and hardware shall be covered in the training.

~~5. FACTORY ACCEPTANCE TEST (FAT)~~

~~The products/equipment shall undergo Factory Acceptance Tests at the manufacturing Locations of the OEM. All necessary arrangement & expenses of FAT shall be made & borne by the contractor. After the successful Factory Acceptance Tests, all the products /equipment's under the scope of supply shall be dispatched. All the expenditure for the inspection of factory test shall be borne by contractor. The contractor shall rectify any discrepancy found during and after the Factory Acceptance Tests in the products/equipment before dispatch.~~

6. DOCUMENTATION

The contractor shall supply the following sets of documents as the case may be. An index of all hand books, drawing etc. shall be available with each set.

- (a) Installation manual
- (b) Equipment layout drawings
- (c) Cabling and wiring diagrams
- (d) Overall system specification and description of hardware, software, explaining facilities, functions & principles. Original license copy of software, drivers etc.
- (e) Operation and Maintenance Manual

The contractor shall submit the layout drawings of the deployed ELECTRONIC WEIGH BRIDGES clearly depicting its integration and logic flow with other subsystems. The drawing shall be the “as built drawings”.

7. NAME PLATE:- Weigh bridge shall have following details on its name plate:

- i) Manufacturer name.
- ii) Serial No.
- iii) Capacity in Tons.
- i) Year of manufacture.

8. Technical Specification

8.1 Civil work Specifications

Successful bidder shall provide the required civil work specifications along with detailed drawings for weigh bridge foundation, weigh bridge ramp etc. The successful bidder shall carry out the work of SITC of Weighbridge in consultation and co-ordination with the civil section of this department..

8.2 MECHANICAL AND ELECTRICAL WORKS

(A) Overall weighbridge Specifications

Sr.No	Description	Details
1.	Make	Avery / ESSAE or equivalent.
2.	Type of weigh bridge	Strain gauge Compression Type ,Load Cells based, electronic, fully welded /bolted weighbridge size 12m X 3m or more, Capacity 60 Tonnes, /pit less type
3.	Type of weighbridge terminal	Digital, microprocessor based terminal with weight display.
4.	Minimum graduation kg	10 kg
5.	Power supply	230V, AC, 50 Hz, Single Phase
6.	Overall capacity (Tonnes)	150% overload , 200% Ultimate overload
7.	Maximum speed of vehicle pass over	10 km per hour
8.	Load cell	SS304, IP69 protection, hermetically sealed compression type / Cup ball

		or equivalent.
9.	Load cell (capacity and no. of load cells)	8 load cells , 30 MT capacity each
10.	Details of interface with PC	RS232 or USB
11.	Frequency of loading	60 vehicles per hour or more

B) MECHANICAL STRUCTURAL STEEL WORK FOR PLATFORM STRUCTURE.

The platform shall be of 12 meters (Length) x 3 meter (Width) or of more size, fabricated from Mild Steel Girders & "I" section etc. properly bolted / welded with not less than 12 mm. thick M.S. plate. The platform shall be suitable to carry 60 Tonnes load plus 25% over and above.

The Structural steel work of platform Structure shall be conforming to IS.808/IS2062. The structure shall consist of girders of size minimum 450 mm. and cross members not less than 250 mm. fabricated from M.S. "I" Sections. The platform deck plates shall have stripped slip resistant surface and not chequered plate. Platform construction shall be fully welded/bolted main beams welded/bolted to structural steel beams for strength. Deck plates welded/bolted to structural steel beams.

Special attention shall be paid to the design, arrangement and condition of the restrainers to prevent damages and measuring errors without affecting the required space for movement and to avoid the damages to the load cell and measuring failure in case of exceeding the special limit of parasitic forces, horizontal forces and torque. Proper restraining arrangement shall be provided for protecting weighbridge & correct measurement of the Goods.

The carrying strength of structural module shall be 25% over & above the rated capacity of the weighbridge and strength of all structural Components must have sufficient overload capacity. Supporting structure to the load cell shall be stable enough to withstand the maximum design loads. The platform structure shall be painted with two coats Epoxy paint. The suitable guide rails shall be provided for truck drivers on the both lateral sides.

C) LOAD CELLS: (compression type/ Cup Ball)

The Load cell shall have stainless steel construction. The load cells shall be compression type/ Cup ball , hermetically sealed and shall conforming to IP 69 protection class with test certificate. The load cells shall have low hysteresis

losses. There should be no error producing due to change in ambient temperature. Necessary system shall be incorporated to naturalize the effect of hysteresis losses and errors due to temperature changes. The rated output shall be adaptive for coastal climate of Mumbai city. The load cell shall have integrated lightning protection system.

Load cells shall have high overload capacity and mechanical overload protection (Limit stop) shall be provided to avoid the change the characteristic of load cell/ damage to the electrical parts due to forces which are exceeding the max. load without damage limit.

The mounting of the load cells shall always ensure that axial load is applied at all time on the load cell self-centering. The load cell shall be mounted on a structural assembly. The structural assembly shall be grouted to the cement concrete pedestals with proper bolting.

The load cells shall be connected by PTEF insulated special screened multi core copper cable to a common junction box, then to the indicator in control room, in approved manner through suitable size 'C' Class" G.I. pipe laid from load cells to J.B. and J.B. to digitizer in control Room.

Sr .No.	Description	Details
1.	Make	Avery / ESSAE make or equivalent with manufacturer test certificate.
2.	Weighing capacity	60 M. Tonnes per Load cell
3.	Housing material	SS304
4.	Type	Strain gauge Compression Type
5.	Geometry	Point Contact with self alignment and restores its original position.
6.	Output matching	All load cell outputs should be matched so that corner error adjustment is not required.
7.	Insulation Resistance	Min. 5000 M ohms
8.	Hysteresis	Low
9.	Protection Class	IP69
10.	Lightning Protection	Built in the load cell
11.	Sealing Type	Hermetically sealed
12.	Mounting kit	To seat load cells , with hardened spacers to

		facilitate self alignment and point contact of load cell. Earth straps to be provided for additional safety.
13.	Mandatory Approvals	OIML R60

Specifications for mounting kits – 8 nos

- Material of Construction ----MS
- Assembly ----Hardened spacers to be provided for self alignment and point contact
- Safety Feature Earth strap to be supplied

D) DIGITIZER (DIGITAL INDICATOR SYSTEM) / WEIGH BRIDGE TERMINAL. :

Digital indicator system shall have robust compact metal housing with splash-proof and dust-proof panel. The Microprocessor based instrumentation system shall be provided for indicating and recording gross or net weights on any load cell weighing system. The system shall have built in RS-232/USB Port communication and facility to connect the indicator to a computer and printer very easily for effective truck data management in continuation with the weigh software.

The system shall have LED displays, front panel controls and communications for indication of selected major operations.

The Electrical safety of weight terminal shall be in accordance with IEC-348. The indicator shall have surge withstand capacity on main and complete with protection against electro-magnetic and radio frequency interference and meet or exceeds OIML Class III. The system shall have digital calibration facility.

The supply to the digitizer shall be given through uninterrupted power supply system. The configuration of the digitizer shall be as follow,

Sr.No.	Description	Details
1.	Load Cell supply Voltage	12V DC short circuit proof, Impedance min.75 ohm
2.	Weight Display	Six Digits Seven Segments plus status symbols, Calibration through software only, with software protection facility.
3.	Programmable logic	As per design

4.	Mains supply	230V AC -15%, +10%, 50-60Hz, max.19VA
5.	Interface Built in	RS232/USB
6.	Operating temperature	-10 to +50 degrees C
7.	Electrical Safety and Immunity	According to IEC
8.	Housing Material	Aluminium/SS/Powder coated MS/ABS Plastic.

E) Specifications for interconnecting cable

- Number of Cores -Multi Core.
- Connection -Multi Core connection method
- Shielding -Overall cable shield with individual shield for measuring signal carrying wires.

F) Specifications for Junction Box

- Protection Class -Minimum IP65
- Surge Protection -Surge Arrestors provided within junction box
- Material of Construction Cast -Aluminium /SS.
- Connection type -Terminals on PCB mounted inside the junction box. No potentiometers will be allowed inside for corner error compensation due to their unreliability.
- Glands for Cable Entry Compression Type

G) JUMBO DISPLAY:

Jumbo Display unit shall be enclosed in appropriate sized M.S./ Die -cast box with toughened acrylic sheet complete with display unit circuit for 6 digit 7 segment, LED display. The character height shall be minimum 85 mm. having green/ red/yellow characters. This display unit shall be fixed in operator's cabin. The box shall be painted with two coats of red oxide and one coat of enamel paint of approved manner.

H) Portable cabin for weighbridge

Successful bidder shall provide one portable cable for control of weighbridge as per following specifications.

- Panels:** Panels will be made out of galvanized steel with modular interlocking flat panels of minimum 1.2 mm thickness with corrugation
- Insulation:** Insulation of rock wool sandwiched in between external galvanized sheet and inside laminated particle board 50 mm thickness of 48

density. It leads to lower thermal conductivity & high resistance to moisture & heat,

- c) **Base frame:** Base will be made out of C channel of size: 5" x 2.5" of 3 mm mild steel with internal grid covered with 19 mm thick cement sheet which in turn will be covered with 2 mm PVC vinyl flooring.
- d) **Window:** 02 Nos. Window of size 4' x 3' will be made out of powder coated aluminum sections. With horizontal sliding arrangement windows will be provided with safety grills along with weather shades for doors & window.
- e) **Roof:** Roof will be made out of galvanized sheet with sloping arrangement from centre to sideways.
- f) **False ceiling:** False ceiling made out of particle board with rock wool insulation at the top.
- g) **Interior:** Laminated finish to the cabin from inside with laminated particle board from inside of 8 mm thickness.
- h) **Flooring:** 19 mm cement board will be laid on top of the c channel which in turn will be covered with vinyl flooring
- i) **Electrification:** Necessary electrical points for tube light, fan, charging such as 6 AMP, 15 AMP points, A/C points etc will be provided with concealed wiring tube lights, switches, bulk will be provided of ISI mark & of standard company. (Fan-2 No. & Tube-light/LED-2 nos)
- j) **Door:** Main Front Door-01 No. Door will be of size 7' x 3' with inside laminated finish with head light above the door.
- k) **External finish:** The cabin will be painted with necessary pu paint with required color combination.
- l) **Lifting arrangement:** The necessary lifting arrangement will be provided at the cabin so that it can be easily lifted by crane.
- m) **Overall Size:** The overall size of G.I. Weighbridge cabin shall be not less than : L 12' X W 10' X H 8'.
- n) **Lockers:** 01 No. for GI containers.
- o) **Chairs**-2 nos. & **Tables**-2 nos.

I) Air conditioning system

The control cabin of the weigh bridge shall be provided with 1 no. of Air condition unit of minimum 3 star rating of brand Daikin, Carrier, Blue star, Lloyd, Hitachi, Mitsubishi, O-General of minimum 1.5 Ton capacity. Regular maintenance of the Air condition unit shall be carried out in order to keep the same in proper working condition.

J) True Online 2KVA UPS

Supply, Installation, testing, commissioning, performance demonstration of 2 KVA UPS true online with 1 phase input, 1 phase output with back up batteries for 2 Hours backup along with rack & connectors. The contractor shall have to provide all wiring and switches for incoming and outgoing of UPS system.

Make: Luminous/ Microtek/ Sukam

K) PERSONAL COMPUTER

Make	Dell/Lenovo/HP or equivalent
Model	Must be specified
Form Factor	SFF (Small Form Factor) Less than 13 Ltr. or Tiny/Micro/Mini less than 1.2 Ltr.
Processor	2.4 GHz (8 core, 12 MB Cache or better) Intel Core i7 latest generation
Memory	16 GB DDR4 RAM @ 2666 MHz. With additional DIMM Slot, expandable to 32 GB
Chipset motherboard	compatible chipset motherboard
Graphics	Integrated Graphics (min 1GB)
Hard Disk Drive	1 TB or higher
Audio	High Definition Integrated Audio with combo headphone/Mic jack
Network port	10/100/1000 Mbps on-board integrated RJ-45 Ethernet Port
Wireless Connectivity	Wireless LAN – 802.11 a/b/g/n/ac & Bluetooth
USB Ports	Minimum 5 USB ports
Display Port	1 Display/HDMI Port, 1 VGA
Power supply	SFF: Min . 250 Watt Tiny/Micro/Mini: 65W With required cables and other accessories.
Keyboard	USB 104 Keys Keyboard (same make as PC)
Mouse	Optical with USB interface (same make as PC)
Monitor	19.5” diagonal LED Monitor with 1600 x 900 or higher resolution. (same make as Pc with proper stand and accessories), Energy star & TCO’07 or higher certified
Operation System and Support	Pre-loaded Windows 10 (or latest) Professional 64 bit, licensed copy, Recovery media/partition
Security	TPM 2.0

L) Printer

Component	Description
Printer	Laser jet
Speed	Minimum 25 PPM (A4)
Print resolution	(dpi) 600x600
Memory	64 MB RAM
Interface	USB 2.0 and 10/100 fast Ethernet
Quantity	1 no.

M) Stamping

The contractor shall prepare the weighbridge for stamping / verification by the weights & metrology department of State Government by setting the calibration of the work as per statutory requirement. It will be responsibility of the contractor to get the weighbridge certified/stamping by the weights & measure department. Fees/ Charges required to be paid for such verification/stamping / certification shall be paid by contractor. The contractor shall provide/ arrange weights as required by the weights and measure department.

The work will be treated as completed after trail run and stamping / Calibration of weigh bridge.

8.3 Operation and maintenance:

A) Operation Part :- The successful tenderer shall have to conduct training program for the BMC staff working at KRTS in order to make the BMC staff to operate the weigh bridge and the associated utilities with ease. The successful tenderer shall provide a attendant for a period of 1 month in order to attend the difficulties and problems if any during operation. The successful tenderer shall also provide extended support beyond the 1 month period if required to attend the faults.

8.4 DEFECT LIABILITY PERIOD

The Defect liability period for the work shall be one year from the date of completion of work.

MAINTENANCE DURING WARRANTY PERIOD (D.L.P.) OF ONE YEAR

During the warranty period the tenderer(s) shall carry out the Comprehensive Maintenance of the weigh bridge and the associated utilities / accessories according to the manufacturer's maintenance manual.

The contractor shall ensure that on receipt of information about any electrical /electronic / mechanical breakdown of weighbridge the same is attended promptly and the weighbridge is re-commissioned within a reasonable time not exceeding 24 hrs. The contractor shall attend breakdown at weighbridges round the clock on all 7 days of the week during the warrantee period.

DEFECT LIABILITY PERIOD •

- The Contractor is expected to carry out the construction work in Workmen like manner so as to meet the requirement and specification for the project. It is expected that the Workmanship and materials will be reasonably fit for the purpose for which they are required.
- Defects or defective work is where standard and quality of workmanship and materials as specified in the contract is deficient. Defect is defined as a failure of the completed project to satisfy the express or implied quality or quantity obligations of the construction contract. Defective construction works are as the works which fail short of complying with the express descriptions or requirements of the contract, especially any drawings or specifications with any implied terms and conditions as to its quality, workmanship, durability, aesthetic, performance or design. Defects in construction projects are attributable to various reasons.
- Some of the defects are structural defects results in cracks or collapse of faulty defective plumbing, inadequate or faulty drainage system, inadequate or faulty ventilation, cooling or heating systems, inadequate fire systems etc. The defects could be various on accounts of different reasons for variety of the projects.
- The Engineering In charge/Project Officer shall issue the practical completion certificate for the project. During the Defect Liability Period which commences on completion of the work, the Engineering In charge shall inform or the contractor is expected to be informed of any defective works by the Employer's representative of the defects and make good at contractor's cost with an intention of giving opportunity to the contractor of making good the defects appeared during that period. It is the contractor's obligation under the contract to rectify the defects that appear during Defect Liability Period and the contractor shall within a reasonable time after receipt of such instructions comply with the same at his own cost. The Engineering In charge/Project Officer shall issue a certificate to that effect and completion of making good defects shall be deemed for all the purpose of this contract to have taken place on the day named in such defect liability certificate.
- If defective work or workmanship or design have been knowingly covered-up or concealed so as to constitute fraud, commencement of the Defect Liability Period may be delayed. The decided period may be delayed until

discover actually occurs Standard Bid Document Page 46 on at least the defect could have been discovered with reasonable diligence, whichever is earlier.

- Also, in case of defect, the Engineer shall give notice to the Contractor of any Defects before the end of the Defects Liability Period, which begins at. The Defects Liability Period shall be extended for as long as Defects remain to be corrected. Every time notice of Defect/Defects is given, the Contractor shall correct the notified Defect/Defects within the duration of time specified by the Engineer's notice. The Engineer may issue notice to the Contractor to carry out removal of defects or deficiencies, if any, noticed in his inspection, or brought to his notice. The Contractor shall remove the defects and deficiencies within the period specified in the notice and submit to the Engineer a compliance report.
- It is the Completion Stage when the contractor has completed all of the works and fixed all of the defects that were on the list of issue by Engineer-in-charge. When this happens, the engineer must issue a 'Certificate of Completion'. On the issue of 'Certificate Standard Bid Document Page 47 of Completion', the 'Defect Liability Period' starts. The contractor also must issue a 'Certificate statement' as an acknowledgment to the engineer not later than 14 days after the 'Certificate of Completion' has been issued. During the 'Defect Liability Period', the contractor has to obey all written instructions from the engineer to carryout repairs and fix any defects which appear in the Permanent Works. If the contractor does not ,due to his own faults finish the repair works or fix the defects by the end of 'Defect Liability Period', the 'Defect Liability Period' will continue until all works instructed by engineer is done

9. PAYMENT TERMS

100% payment shall be released after successful completion of the work within 30 days from the date of receipt of bill.

10. PENALTY

For failure to comply with the order for the work placed within the stipulated period a penalty of Rs. ½% per week of contract sum, will be recovered from the contractors without any reference. The amount of the penalty will however, subject to the maximum of 10 % of the total contract sum or such amounts as may be fixed by Chief Engineer (SWM).

11. Other General Terms & Conditions :

- 11.1 The contractor shall make arrangement for the safety and security of all machinery engaged for the subject work. BMC will not be responsible for theft or any kind of damage to the contractor's machinery.
- 11.2 The contractor shall prevent his staff from committing any kind of nuisance at the work site.
- 11.3 The contractor shall have to comply with the requirement of ; Minimum Wages Act, Contract Labour Act or any other enactment of the State and

Central Government such as Child Labour Act in force. In case of any complaint or litigation, the contractor shall be fully responsible and accountable for such issues related with manpower.

- 11.4 The contractor shall comply with the relevant requirement of Central and State Government Act, if any.
- 11.5 The contractors and their staff shall have telephone or mobile phone facilities for proper co-ordination and quick communication.
- 11.6 BMC will not be responsible for any damages, injury or any accident occurred while carrying out the work. The contractor shall be solely responsible for the same and BMC will not give any compensation for any claim arising out of such incidents.
- 11.7 If any damages caused to the Municipal property while carrying out the work, the contractor has to make it in good condition (as is where as basis).
- 11.8 In case the contractor comes forward with a request to allow them to withdraw from fulfilling their contractual obligations, such withdrawal will not be allowed. However, if due to uncommon circumstances such withdrawal is allowed, such firms may not be considered for award of work for a period of five years in BMC. and their contract deposit will be forfeited.
- 11.9 The Municipal Commissioner reserves the rights to terminate the contract without assigning any reason whatsoever.
- 11.10 As per the new system of payment through computerized SAP system, the contractor is required to register under Vendor Master Registration System, in the office of Chief Accountant of BMC. The necessary guidance will be provided at the time of issuing work order.
- 11.11 All taxes including octroi, toll tax, entry tax or any other duties shall be borne by the contractor. BMC will not take any responsibility for the breach of any law, rules and regulations by the contractor.
- 11.12 The tenderer is advised to be very careful in filling the price schedule by considering the following
- 11.12.1 Note that, in case of error in filling the price schedule, the tender is likely to be rejected.

12. Quantity :

Supply, Installation, Testing & Commissioning of 1 No of Computerized Electronic Weighbridges of Capacity 60 MT at Deonar Dumping Ground.

Sr.No	Description	Qty	Unit
1	SITC of weigh bridge 60 MT along with all accessories of weigh bridge, stamping, Govt. Fees etc.	1	No.
2	Earthing as per SOR item R3-ME-7-1-d	1	No.
3	Portable cabin of size 10*12 with electrical fittings, cables and accessories.	1	No.

4	Air Conditioning system of 1.5 TR as per SOR item No. R3-ME-9-2-b	1	No.
5	Desktop PC - type 3 as per IT circular	1	No.
6	Laser Printer as per IT circular	1	No.
7	Online UPS 2.0 KVA with 2 Hrs Power backup as per SOR item R3-ME-12-14-a	1	No.

And also including other applicable accessories as mentioned in technical specification.

13. Contract Period :

- 13.1 The contract period – 60 days from the receipt of LOA / PO (whichever is earlier).
- 13.2 The Municipal Commissioner reserves the right to terminate the contract by giving 7 days notice without assigning any reasons and in such eventuality no claim for any loss or compensation will be considered, except the payment for the services provided.
- 13.3 The Mobilization period is 07 days from the receipt work order / LOA.

SECTION 8
Bill of Quantities

Schedule (Bill) of Quantities and Rates

Sub: Supply, Installation, Testing & Commissioning of 1 No. Computerized Electronic Weighbridge of Capacity 60 MT along with allied accessories and equipments at Kurla Refuse Transfer Station (KRTS).

Sr.No	Description	Quantity	Unit	Rate / Unit (in Rs.)	Amount (in Rs.)
1	SITC of weigh bridge 60 MT along with all accessories of weigh bridge, stamping, Govt. Fees etc.	1	No.		
2	Earthing as per SOR item R3-ME-7-1-d	1	No.		
3	Portable cabin of size 10*12 with electrical fittings, cables and accessories.	1	No.		
4	Air Conditioning system of 1.5 TR as per SOR item No. R3-ME-9-2-b	1	No.		
5	Desktop PC - type 3 as per IT circular	1	No.		
6	Laser Printer as per IT circular	1	No.		
7	Online UPS 2.0 KVA with 2 Hrs Power backup as per SOR item R3-ME-12-14-a	1	No.		
Add GST (18%) (in Rs.)					
Total Amount (in Rs.)					

SECTION 9
General Conditions of
Contract

General Conditions of Contract

A. General

1. Definitions

Terms which are defined in the Contract Data are not also defined in the Conditions of Contract but keep their defined meanings. Capital initials are used to identify defined terms.

The “Contract” shall mean the tender and acceptance thereof and the formal agreement if any, executed between the Contractor, Commissioner and the Corporation together with the documents referred to therein including these conditions and appendices and any special conditions, the specifications, designs, drawings, price schedules, bills of quantities and schedule of rates. All these documents taken together shall be deemed to form one Contract and shall be complementary to one another.

The Contract Data defines the documents and other information which comprise the Contract.

The Bidder is a person or corporate body who has desired to submit Bid to carry out the Works, till the tender process is concluded.

The “Contractor” shall mean the individual or firm or company or JV firms whether incorporated or not, whose tender has been accepted by the employer and the legal successor of the individual or firm or company.

The Contractor's Bid is the completed bidding document submitted by the Bidder to the Employer.

The “Contract Sum” means the sum named in the letter of acceptance including Physical contingencies subject to such addition thereto or deduction there-from as may be made under the provisions hereinafter contained.

Note: The contract sum shall include the following –

- In the case of item rate contracts, the cost of the work arrived at after finalization of the quantities shown in schedule of items / quantities by the item rates quoted by the tenderer for various items and summation of the extended cost of each item.
- In case of lump sum contract, the sum for which tender is accepted.

- Special discount / rebate / trade discount offered by the tenderer if any and accepted by the Corporation.
- Additions or deletions that are accepted after opening of the tenders.

The “**Contract Cost**” means the Contract Sum. This cost shall be included in the letter of acceptance.

A Defect is any part of the Works not completed in accordance with the Contract.

The Defects Liability Certificate is the certificate issued by the Engineer, after the Defect Liability Period has ended and upon correction of Defects by the Contractor.

Drawings means all the drawings, calculations and technical information of a like nature provided by the Engineer to the Contractor under the Contract and all drawings, calculations, samples, patterns, models, operation & maintenance manual and other technical information of like nature submitted by the Contractor and approved by the Engineer.

The Authority shall mean Brihanmumbai Municipal Corporation (BMC)

The “Employer” shall mean the Municipal Corporation for Greater Mumbai / Municipal Commissioner for Greater Mumbai, for the time being holding the said office and also his successors and shall also include all “Additional Municipal Commissioners, Director (Engineering Services & Projects)” and the Deputy Municipal Commissioner, to whom the powers of Municipal Commissioner, have been deputed under Section 56 and 56B of the Mumbai Municipal Corporation Act.

The Engineer in-charge shall mean the Executive Engineer in executive charge of the works and shall include the superior officers of the Engineering department i.e. Dy.Ch.Eng./Ch.Eng. and shall mean and include all the successors in BMC

The Engineer's Representative shall mean the Assistant Engineer, Sub. Engineer/Jr. Engineer in direct charge of the works and shall include Sub Eng./Jr. Eng. of Civil section/ Mechanical section/ Electrical section appointed by BMC.

The “Engineer” shall mean the City Engineer / the Hydraulic Engineer / the Chief Engineer / the Special Engineer, appointed for the time being or any other officer or officers of the Municipal Corporation who may be authorized by the commissioner to carry out the functions of the City Engineer / the Hydraulic

Engineer / the Chief Engineer / the Special Engineer or any other competent person appointed by the employer and notified in writing to the Contractor to act in replacement of the Engineer from time to time.

Contractor's equipment means all appliances and things whatsoever nature required for the execution and completions of the Works and the remedying of any defects therein, but does not include plant material or other things intended to form or forming part of the Permanent Works.

The Initial Contract Price is the Contract Price listed in the Employer's Letter of Acceptance.

The Intended Completion Date is the date on which it is intended that the Contractor shall complete the works. The Intended Completion Date is specified in the Contract Data. The Intended Completion Date may be revised only by the Engineer by issuing an extension of time.

Materials are all supplies, including consumables, used by the Contractor for incorporation in the Works and works of routine maintenance.

Plant is any integral part of the Works that shall have a mechanical, electrical, electronic, chemical, or biological function.

Routine Maintenance is the maintenance of activities of the completed structure for five years as specified in the Contract Data.

The "Site" shall mean the land and other places including water bodies more specifically mentioned in the special conditions of the tender, on, under in or through which the permanent works or temporary works are to be executed and any other lands and places provided by the Municipal Corporation for working space or any other purpose as may be specifically designated in the contract as forming part of the site.

Site Investigation Reports are those that were included in the bidding documents and are reports about the surface and subsurface conditions at the Site.

"Specification" shall mean the specification referred to in the tender and any modification thereof or addition or deduction thereto as may from time to time be furnished or approved in writing by the Engineer.

The Start Date/Commencement Date- It is the date when the Contractor shall commence execution of the Works.

Variation means a change to the:-

- i) Specification and /or Drawings (if any) which is instructed by the Employer.
- ii) Scope in the Contract which is instructed by the Employer.
- iii) Price in the Contract which is instructed by the Employer.

The Works, as defined in the Contract Data, are what the Contract requires the Contractor to carry out the work as per specifications.

Jurisdiction: In case of any claim, dispute or difference arising in respect of a contract, the cause of action thereof shall be deemed to have arisen in Mumbai and all legal proceedings in respect of any claim, dispute or difference shall be instituted in a competent court in the City of Mumbai only.

2. Interpretation

2.1. In interpreting these Conditions of Contract, singular also means plural, male also means female or neuter, and the other way around. Headings have no significance. Words have their normal meaning under the language of the Contract unless specifically defined. The Engineer will provide instructions clarifying queries about these Conditions of Contract.

2.2. If sectional completion is specified in the Contract Data, references in the Conditions of Contract to the Works, the Completion Date, and the Intended Completion Date apply to any Section of the Works (other than references to the Completion Date and Intended Completion Date for the whole of the Works).

2.3. The documents forming the Contract shall be interpreted in the following documents: (1) Agreement, (2) Letter of Acceptance, (3) Notice to Proceed with the Work, (4) Contractor's Bid, (5) Contract Data, (6) Special Conditions of Contract Part (7) General Conditions of Contract Part I, (8) Specifications, (9) Drawings, (10) Bill of Quantities, and (11) Any other document listed in the Contract Data.

3. Engineer's Decisions

3.1. Except where otherwise specifically stated, the Engineer will decide contractual matters between the Employer and the Contractor in the role representing the Employer. However, if the Engineer is required under the rules and regulations and orders of the Employer to obtain prior approval of some other authorities for specific actions, he will so obtain the approval, before communicating his decision to the Contractor.

3.2. Except as expressly stated in the Contract, the Engineer shall not have any authority to relieve the Contractor of any of his obligations under the contract.

4. Delegation

The Engineer, with the approval of the Employer, may delegate any of his duties and responsibilities to other person(s), except to the Adjudicator, after notifying the Contractor, and may cancel any delegation after notifying the Contractor.

5. Communications

All certificates, notices or instructions to be given to the Contractor by Employer/ Engineer shall be sent on the address or contact details given by the Contractor of Bid. The address and contact details for communication with the Employer/ Engineer shall be as per the details given in Contract Data. Communications between parties that are referred to in the conditions shall be in writing. The Notice sent by facsimile (fax) or other electronic means shall be effective on confirmation of the transmission. The Notice sent by Registered post or Speed post shall be effective on delivery or at the expiry of the normal delivery period as undertaken by the postal service.

6. Subcontracting

Subletting is **not allowed**.

7. Other Contractors: -

7.1. The Contractor shall cooperate and share the Site with other Contractors, public authorities, utilities, and the Employer between the dates given in the Schedule of Other Contractors, as referred to in the Contract Data. The Contractor shall also provide facilities and services for them as described in the Schedule. The Employer may modify the Schedule of Other Contractors, and shall notify the Contractor of any such modification.

7.2. The Contractor should take up the works in convenient reaches as decided by the Engineer to ensure there is least hindrance to the smooth flow and safety of traffic including movement of vehicles and equipment of other Contractors till the completion of the Works.

8. Personnel

8.1. The Contractor shall employ for the work and routine maintenance the key personnel including technical personnel named in the Contract Data or other personnel approved by the Engineer. The Engineer will approve any proposed replacement of technical personnel only if their relevant qualifications and abilities are substantially equal to those of the personnel stated in the Contract Data.

8.2. The Contractor's personnel shall appropriately be qualified, skilled and experienced in their respective trades or occupations. The Engineer shall have authority to remove, or cause to be removed, any person employed on the site or works, who carries out duties incompetently or negligently and persists in any conduct which is prejudicial to safety, health or the protection of the environment.

8.3. If the Engineer asks the Contractor to remove a person who is a member of the Contractor's staff or work force, stating the reasons, the Contractor shall ensure that the person leaves the Site within seven days and has no further connection with the Works in the Contract.

8.4. The Contractor shall not employ any retired Gazetted officer who has worked in the Engineering Department of the BMC /State Government and has either not completed two years after the date of retirement or has not obtained BMC/State Government's permission to employment with the Contractor.

9. Employer's and Contractor's Risks

The Employer carries the risks which this Contract states are Employer's risks, and the Contractor carries the risks which this Contract states are Contractor's risks.

10. Employer's Risks

The Employer is responsible for the excepted risks which are (a) in so far as they directly affect the execution of the Works in the Employer's country, the risks of war, invasion, act of foreign enemies, rebellion, revolution, insurrection or military or usurped power, civil war, riot, commotion or disorder (unless restricted to the Contractor's employees) and contamination from any nuclear fuel or nuclear waste or radioactive toxic explosive, or (b) a cause due solely to the design of the Works, other than the Contractor's design.

11. Contractor's Risks

All risks of loss of or damage to physical property and of personal injury and death which arise during and in consequence of the performance of the Contract other than the excepted risks, referred to in clause 11.1, are the responsibility of the Contractor.

12. Insurance

The contractor has to provide all relevant insurances for the machinery & his staff as per the governing laws. All expenses towards this shall be borne only by the contractor. BMC shall be indemnified & absolved arising out of any issues & claims etc. out of this.

12.1 Contractor shall take necessary insurance policy, policies so as to provide adequate insurance cover for execution of the awarded contract work from the Director of Insurance Maharashtra State Mumbai only. It's postal address for correspondences 264 MHADA, Opp. Kalanagar Bandra (E) Mumbai-400051 (Tel No. 6438403) (Fax No. 6438690) Insurance policy / policies taken out from any other company will not be accepted. The Contractor should produce the documents of insurance done before payment of 1st bill. If the contractor fails to produce the documents of insurance then one percent of the contract amount will be recovered from the contractors 1st bill and remitted towards insurance premium.

13. Site Investigation Reports

13.1. The Contractor, in preparing the Bid, may rely, at his own risk, on any Site Investigation Reports referred to in the Contract Data, supplemented by any other information available to him, before submitting the bid.

14. Queries about the Contract Data

The Engineer will clarify queries on the Contract Data.

15. Contractor to Carry out the Works and Undertake Maintenance (if specified in the tender)

15.1. The Contractor shall carry out the Works in accordance with the Specifications and Drawings and as per instructions of the Engineer.

15.2. The Contractor shall carry out the works with maximum input of machinery required to ensure the quality of works as per specifications. The Contractor shall deploy the equipment and machinery as required in the contract.

15.3. The Contractor shall take all reasonable steps to protect the environment on and off the Site and to avoid damage or nuisance to persons or to property of the public or others resulting from pollution, noise or other causes arising as a consequence of his methods of operation.

During continuance of the contract, the Contractor shall abide at all times by all existing enactments on environmental protection and rules made there under, regulations, notifications and byelaws of the State or Central Government, or local authorities and any other law, bye-law, regulations that may be passed or notification that may be issued in future by the State or Central Government or the local authority. Salient features of some of the major laws that are applicable are given below:

- The Water (Prevention and Control of Pollution) Act, 1974, this provides for the prevention and control of water pollution and the maintaining and restoring of

wholesomeness of water. 'Pollution' means such contamination of water or such alteration of the physical, chemical or biological properties of water or such discharge of any sewage or trade effluent or of any other liquid, gaseous or solid substance into water (whether directly or indirectly) as may, or is likely to, create a nuisance or render such water harmful or injurious to public health or safety, or to domestic, commercial, industrial, agricultural or other legitimate uses, or to the life and health of animals or plants or of aquatic organisms.

- The Air (Prevention and Control of Pollution) Act, 1981, this provides for prevention, control and abatement of air pollution. 'Air Pollution' means the presence in the atmosphere of any 'air pollutant', which means any solid, liquid or gaseous substance (including noise) present in the atmosphere in such concentration as may be or tend to be injurious to human beings or other living creatures or plants or property or environment.
- The Environment (Protection) Act, 1986, this provides for the protection and improvement of environment and for matters connected therewith, and the prevention of hazards to human beings, other living creatures, plants and property. 'Environment' includes water, air and land and the inter-relationship which exists among and between water, air and land, and human beings, other living creatures, plants, micro-organism and property.
- The Public Liability Insurance Act, 1991, This provides for public liability insurance for the purpose of providing immediate relief to the persons affected by accident occurring while handling hazardous substances and for matters connected herewith or incidental thereto. Hazardous substance means any substance or preparation which is defined as hazardous substance under the Environment (Protection) Act 1986, and exceeding such quantity as may be specified by notification by the Central Government.
- The Solid Waste Management Rules -2016 This provides for management & handling of solid Waste.
- BS-IV/BS-VI Emission Standards, this provides for emission standards of the vehicles to be used in the contract.

16. The Works to be completed by the Intended Completion Date

The Contractor may commence execution of the Works on the Start Date and shall carry out the Works, if specified in the tender, in accordance with the Programme submitted by the Contractor, as updated with the approval of the Engineer, and complete them by the Intended Completion Date.

17. Safety

17.1. The Contractor shall be responsible for the safety of all activities on the Site. He shall comply with all applicable safety requirements and take care of safety of all persons entitled to be on the site and the works. He shall use reasonable efforts to keep the site and the works, during execution of works, clear of unnecessary obstruction so as to avoid danger to the persons.

The contractor shall provide all safety gear to his employees as specified in the specifications of project.

17.2. First Aid Facilities: -

- i. At every work place successful bidder shall provide and maintain first aid box of adequate capacity and it should be easily accessible during working hours.
- ii. The first-aid box shall be distinctly marked with a red cross on white background.
- iii. Adequate arrangements shall be made for immediate recoupment of the equipment when necessary.
- iv. Nothing except the prescribed contents shall be kept in the First-aid box.
- v. The first-aid box shall be kept in charge of a responsible person who shall always be readily available during the working hours of the work place.
- vi. A person in charge of the First-aid box shall be a person trained in First-aid treatment.

18. Instructions

18.1. The Contractor shall carry out all instructions of the Engineer, which comply with the applicable laws where the Site is located.

18.2. The Contractor shall permit the appointed and/or authorized persons to inspect the Site and/or accounts and records of the Contractor and its subcontractors relating to the performance of the Contract, and to have such accounts and records audited by auditors appointed, if so required. The Contractor's attention is invited to Clause of 'Fraud and Corruption', which provides, inter alia, that acts intended to materially impede the exercise of the inspection and audit rights provided for under the Clause & constitute a obstructive practice subject to contract termination.

18.3. Engineer to have power to issue further drawings or instructions:

The Engineer shall have the power and authority from time to time and at all times to give such further instructions and directions as may appear to him necessary or proper for the guidance of the contractor and the good and sufficient execution of the works according to terms of the specifications and Contractor shall receive, execute, obey and be bound by the same, according to the true

intent and meaning thereof, as fully and effectually as though the same had accompanied or had been mentioned or referred to in the specification, and contemplated by the specifications, or may order any of the works contemplated thereby to be omitted, with or without the substitution of any other works in lieu thereof, or may order any work or any portion of work executed or partially executed, to be removed, changed or altered, added if needful, may order that other works shall be substituted instead thereof and difference of expense occasioned by any such diminution or alteration so ordered and directed shall be added to or deducted from the amount of this Contract, as provided under condition no.10(a) hereinafter.

No work which radically changes the original nature of the Contract shall be ordered by the Engineer and in the event of any deviation being ordered which in the opinion of the Contractor changes the original nature of Contract he shall nevertheless carry it out and disagreement as to the nature of the work and the rate to be paid therefore shall be resolved.

The time for completion of the Works, shall be in event of any deviations resulting in additional cost over the contract price being ordered, be extended or reduced reasonably by the Engineer. The Engineer's decision in this case shall be final.

B. Time Control

19. Delays Ordered by the Engineer

19.1. The Engineer may instruct the Contractor to delay the start or progress of any activity within the Works. Delay/delays totaling more than 30 days will require prior written approval of the DMC/AMC.

20. Management Meetings

20.1. The Engineer may require the Contractor to attend a management meeting. The business of a management meeting shall be to review the plans for progress of the Works.

20.2. The Engineer shall record the business of management meetings and provide copies of the record to those attending the meeting. The responsibility of the parties for actions to be taken shall be decided by the Engineer either at the management meeting or after the management meeting and stated in writing to all those who attended the meeting.

C. Quality Control

21. Identifying Defects

21.1. The Engineer shall check the Contractor's work and notify the Contractor of any Defects that are found. Such checking shall not affect the Contractor's

responsibilities. The Engineer may instruct the Contractor to search for a Defect and test any work that the Engineer considers may have a Defect.

21.2. The Contractor shall permit the Employer's technical person(s) to check the Contractor's work and notify the Engineer and Contractor if any defects that are found.

22. Correction of Defects

22.1. The Engineer shall give notice to the Contractor of any Defects with respect to the equipment/vehicle/work during the contract period.

22.2. Every time notice of Defect/Defects is given; the Contractor shall correct the notified Defect/Defects within the duration of time specified by the Engineer's notice.

22.3. The Engineer may issue notice to the Contractor to carry out removal of defects or deficiencies, if any, noticed in his inspection, or brought to his notice. The Contractor shall remove the defects and deficiencies within the period specified in the notice and submit to the Engineer a compliance report.

23. Uncorrected Defects and Deficiencies

If the Contractor has not corrected a Defect under clause and deficiencies in works, to the satisfaction of the Engineer, within the time specified in the Engineer's notice, the Engineer will assess the cost of having the Defect or deficiency corrected, and the Contractor shall pay this amount, on correction of the Defect or deficiency by another agency.

D. Cost Control

24. Variations

The Engineer shall, having regard to the scope of the Works and the sanctioned estimated cost, have power to order, in writing, Variations within the scope of the Works he considers necessary or advisable during the progress of the Works. Such Variations shall form part of the Contract and the Contractor shall carry them out and include them in updated Programmes produced by the Contractor. Oral orders of the Engineer for Variations, unless followed by written confirmation, shall not be taken into account.

25. Payments for Variations

25.1. Even if rates for Variation items are not specified in the Bill of Quantities, the Contractor shall carry out such work at the same rate.

25.2. The rate for Extra/Excess shall be governed by clause 10.A of Standard General Condition of Contract.

26. Payment Certificates

The payment to the Contractor will be as follows:

- a. A bill shall be submitted by the Contractor monthly and the Engineer In-charge shall take or cause to be taken requisite measurement for the purpose of having the same verified and the claim, so far as it is admissible, shall be adjusted, if possible, within 30 days from the presentation of the bill.
- b. The Engineer shall check the Contractor's monthly statement within 14 days and certify the amount to be paid to the Contractor.
- c. The value of work executed shall comprise the value of the quantities of the items in the Bill of Quantities completed.
- d. The value of work executed shall also include the valuation of Variations and Compensation Events.
- e. The Engineer may exclude any item certified in a previous certificate or reduce the proportion of any item previously certified in any certificate in the light of later information.
- f. The contractor shall submit all bills on the printed forms at the office of Engineer In-Charge. The charges to be made in the bills shall always be entered at the rates specified in tender.

27. Payments

- 27.1.** Payments shall be adjusted for deductions for advance payments, retention, security deposit, other recoveries in terms of the Contract and taxes at source, as applicable under the law. The Employer shall pay the Contractor the amounts certified by the Engineer within 15 days of the date of each certificate.
- 27.2.** All sums payable by a contractor by way of compensation under any of these conditions, shall be considered as a reasonable compensation to be applied to the use of BMC without reference to the actual loss or damage sustained and whether any damage has or has not been sustained.
- 27.3.** No payment shall be made for any work estimated to cost less than Rupees One Thousand till after the whole of work shall have been completed and the certificate of completion given. But in the case of works estimated to cost more than Rs. One Thousand, the contractor shall on submitting a monthly bill therefore be entitled to receive payment proportionate to the part of the work than approved and passed by the Engineer In-charge, whose certificate of such approval and passing of the sum so payable shall be final and conclusive against the contractor. All such intermediate payments shall be regarded as payments by way of advance against the final payments only and not as payments for work actual done and completed and shall not preclude the Engineer In-charge from

requiring any bad, unsound, imperfect or unskillful work to be removed or taken away and reconstructed or re-erected nor shall any such payment be considered as an admission of the due performance of the contract or any part thereof in any respect or the offering of any claim not shall it conclude, determine or effect in any other way, the powers of the Engineer In-charge as to the final settlement and adjustment of the accounts or otherwise, or in any other way vary or effect the contract. The final bill shall be submitted by the Contractor within one month of the date fixed for the completion of the work otherwise the Engineer In-charge's certificate of the measurements and of the total amount payable for the work shall be final and binding on all parties.

28. The Contractor shall not be entitled to compensation to the extent that the Employer's interests are adversely affected by the Contractor for not having given early warning or not having cooperated with the Engineer.

29. Tax

G.S.T. and other state levies/cess which are not subsumed under GST will be applicable. The tenderer shall quote inclusive of all taxes. It is clearly understood that BMC will not bear any additional liability towards payment of any Taxes & Duties.

Wherever the Services to be provided by the Tenderers falls under Reverse Charge Mechanism, the Price quoted shall be exclusive of GST, but inclusive of Taxes / Duties / Cess other than GST, if any.

Rates accepted by BMC shall hold good till completion of work and no additional individual claim shall be admissible on account of fluctuations in market rates, increase in taxes / any other levies / tolls etc. except that payment / recovery for overall market situation shall be made as per price Variation.

Chapter XXI-Miscellaneous, section 171(1) of GST Act, 2017 governs the 'Anti Profiteering Measure' (APM)

As per the provision of this section, 'Any reduction in rate of tax on any supply of goods or services or the benefit of input tax credit shall be passed on to the recipient by way of commensurate reduction in prices'

Accordingly, the contractor should pass on the complete benefit accruing to him on account of reduced tax rate or additional input tax credit, to BMC. In this regard's bidder shall mandatorily submit undertaking on Rs. 500 bond paper as per 'Special Annexure-II'.

Further, all provisions of GST Act will be applicable to the tender.

30. Currencies

All payments will be made in Indian Rupees.

31. Liquidated Damages

Both, the Contractor and the Employer have agreed that it is not feasible to precisely estimate the amount of losses due to delay in completion of works and the losses to the public and the economy, therefore, both the parties have agreed that the Contractor shall pay liquidated damages to the Employer and not by way of penalty, at the rate per week or part thereof stated in the Contract Data for the period that the Completion Date is later than the Intended Completion Date. Liquidated damages at the same rates shall be withheld if the Contractor fails to achieve the milestones prescribed in the Contract Data. However, in case the Contractor achieves the next milestone, the amount of the liquidated damages already withheld shall be restored to the Contractor by adjustment in the next payment certificate. The Employer and the contractor have agreed that this is a reasonable agreed amount of liquidated damage. The Employer may deduct liquidated damages from payments due to the Contractor. Payment of liquidated damages shall not affect the Contractor's other liabilities.

E. Finishing the Contract

32. Completion of Work: -

The Contractor shall request the Engineer to issue a certificate of completion of the works, and the Engineer will do so upon deciding that the works is completed. This shall be governed as per clause no.8 (g) of Standard General Conditions of Contract.

33. Final Account

Contractors should submit the final bill within 1 month of physical completion of the work.

Engineer's decision shall be final in respect of claims for defect and pending claims against contractors.

No further claims should be made by the Contractor after submission of the final bill and these shall be deemed to have been waived and extinguished. Payment of those items of the bills in respect of which there is no dispute and of items in dispute, for quantities and rates as approved by the Commissioner shall be made within a reasonable period as may be necessary for the purpose of verification etc.

34. Operating and Maintenance Manuals

If "as built" Drawings and/or operating and maintenance manuals are required, the Contractor shall supply them by the dates stated in the Contract Data.

35. Termination

35.1. The Employer or the Contractor may terminate the Contract if the other party causes a fundamental breach of the Contract.

35.2. Fundamental breaches of Contract shall include, but shall not be limited to, the following:

- a. The Contractor stops work when no stoppage of work is shown on the current Programme and the stoppage has not been authorized by the Engineer;
- b. The Contractor is declared as bankrupt or goes into liquidation other than for approved reconstruction or amalgamation;
- c. The Engineer gives Notice that failure to correct a particular Defect is a fundamental breach of Contract and the Contractor fails to correct it within a reasonable period of time determined by the Engineer;
- d. The Contractor does not maintain a Security, which is required;
- e. The Contractor has delayed the completion of the Works by the number of days for which the maximum amount of liquidated damages can be paid, as defined in relevant clause.
- f. The Contractor fails to provide insurance cover as required under relevant clause.
- g. If the Contractor, in the judgment of the Employer, has engaged in the corrupt or fraudulent practices as defined in GCC in competing for or in executing the Contract.
- h. Any other fundamental breaches as specified in the Contract Data.
- i. If the Contractor fails to deploy machinery and equipment or personnel as specified in the Contract Data at the appropriate time.

35.3. When either party to the contract gives notice of a breach of contract to the Engineer for a cause other than those listed above, the Engineer shall decide whether the breach is fundamental or not.

35.4. Notwithstanding the above, the Employer may terminate the Contract for convenience.

35.5. If the Contract is terminated, the Contractor shall stop work immediately, make the Site safe and secure, and leave the Site as soon as reasonably possible.

36. Payment upon Termination

36.1. If the Contract is terminated because of a fundamental breach of Contract by the Contractor, the Engineer shall issue a certificate for value of the work done and materials ordered less liquidated damages, if any, less advance payments received up to the date of the issue of the certificate and less the percentage to apply to the value of the work not completed, as indicated in the Contract Data. If the total amount due to the Employer exceeds any payment due to the Contractor, the difference shall be recovered from the security deposit, and performance security. If any amount is still left un-recovered it will be a debt due from the Contractor to the Employer.

36.2. If the Contract is terminated at the Employer's convenience, the Engineer shall issue a certificate for the value of the work done, the reasonable cost of removal of Equipment, repatriation of the Contractor's personnel employed solely on the Works, and the Contractor's costs of protecting and securing the Works and less advance payments received up to the date of the certificate, less other recoveries due in terms of the Contract, and less taxes due to be deducted at source as per applicable law.

37. Release from Performance

If the Contract is frustrated by the outbreak of war or by any other event entirely outside the control of the Employer or the Contractor, the Engineer shall certify that the Contract has been frustrated. The Contractor shall make the Site safe and stop work as quickly as possible after receiving this certificate and shall be paid for all work carried out before receiving it and for any work carried out afterwards to which a commitment was made.

F. Other Conditions of Contract

38. The Contractor shall, unless otherwise provided in the Contract, make his own arrangements at his own cost for the engagement of all staff and employees, local or other, and for their payment.

39. Compliance with Labour Regulations

- a) During continuance of the Contract, the Contractor shall abide at all times by all existing labour enactments and rules made there under, regulations, notifications and bye laws of the State or Central Government or local authority and any other labour law (including rules), regulations, bye laws that may be passed or notification that may be issued under any labour law in future either by the State or the Central Government or the local authority.
- b) Furthermore, the Contractor shall keep the Employer indemnified in case any action is taken against the Employer by the competent authority on account of contravention of any of the provisions of any Act or rules made there under, regulations or notifications including amendments. If the Employer is caused to pay or reimburse, such amounts as may be necessary to cause or observe, or for non-observance of the provisions stipulated in the notifications/bye laws/Acts/Rules/regulations including amendments, if any, on the part of the Contractor, the Engineer/Employer shall have the right to deduct any money due to the Contractor including his amount of contract deposit in the form of BG. The Employer/Engineer shall also have right to recover from the Contractor any sum required or estimated to be required for making good the loss or damage suffered by the Employer.

- c) The Contractor shall require his employees to obey all applicable laws, including those concerning safety at work.
- d) **The employees of the Contractor in no case shall be treated as the employees of the BMC at any point of time.**

40. Drawings and Photographs of the Works

The Contractor shall not disclose details of Drawings furnished to him and works on which he is engaged without the prior approval of the Engineer in writing. No photograph of the works or any part thereof or plant employed thereon, except those permitted under above clause, shall be taken or permitted by the Contractor to be taken by any of his employees without the prior approval of the Engineer in writing. No photographs/ Video photography shall be published or otherwise circulated without the approval of the Engineer in writing.

41. Contract Document

The documents forming the contract are to be taken as mutually explanatory of one another. Unless otherwise provided in the contract, the priority of the documents forming the contract shall be as follows

1. Contract Agreement (if completed)
2. The letter of Acceptance
3. The Bid:
4. Addendum to Bid; if any
5. Tender Document
6. The Bill of Quantities:
7. The Specification:
8. Detailed Engineering Drawings
9. Standard General Conditions of Contracts (GCC)
10. All correspondence documents between bidder/contractor and BMC.

42. Conflict of Interest

The Applicant shall not have a conflict of interest (the "Conflict of Interest") that affects the Bidding Process. Any Applicant found to have a Conflict of Interest shall be disqualified. An Applicant shall be deemed to have a Conflict of Interest affecting the Bidding Process, if

1. A constituent of such Applicant is also a constituent of another Applicant; or
2. Such Applicant has the same legal representative for purposes of this Application as any other Applicant; or
3. Such Applicant, or any Associate thereof has a relationship with another Applicant, or any Associate thereof, directly or through common third party/ parties, that puts either or both of them in a position to have access to each

other's information about, or to influence the Application of either or each other;
or

4. The Applicant shall be liable for disqualification if any legal, financial or technical adviser of the Authority in relation to the Project is engaged by the Applicant, its Member or any Associate thereof, as the case may be, in any manner for matters related to or incidental to the Project. For the avoidance of doubt, this disqualification shall not apply where such adviser was engaged by the Applicant, its Member or Associate in the past but its assignment expired or was terminated 6 (six) months prior to the date of issue of this TENDER. Nor will this disqualification apply where such adviser is engaged after a period of 3 (three) years from the date of commercial operation of the Project.

43. Applications and costs thereof

No Applicant shall submit more than one Application for the Project. An applicant applying individually shall not be entitled to submit another application either individually. The Applicant shall be responsible for all of the costs associated with the preparation of their Applications and their participation in the Bid Process. The Authority will not be responsible or in any way liable for such costs, regardless of the conduct or outcome of the Bidding Process.

44. Acknowledgment by Applicant

It shall be deemed that by submitting the Application, the Applicant has:

- 44.1. Made a complete and careful examination of the tender;
- 44.2. Received all relevant information requested from the Authority;
- 44.3. Accepted the risk of inadequacy, error or mistake in the information provided in the tender or furnished by or on behalf of the Authority relating to any of the matters referred; and
- 44.4. Agreed to be bound by the undertakings provided by it under and in terms hereof.

“The Authority” shall not be liable for any omission, mistake or error in respect of any of the above or on account of any matter or thing arising out of or concerning or relating to the TENDER or the Bidding Process, including any error or mistake therein or in any information or data given by the Authority.

45. Right to reject any or all Applications/ Bids

Notwithstanding anything contained in this TENDER, “The Authority” reserves the right to reject any Application and to annul the Bidding Process and reject all Applications/ Bids, at any time without any liability or any obligation for such acceptance, rejection or annulment, and without assigning any reasons therefore.

In the event that the Authority rejects or annuls all the Bids, it may, in its discretion, invite all eligible Bidders to submit fresh Bids hereunder.

“The Authority” reserves the right to reject any Application and/ or Bid if:

- a. At any time, a material misrepresentation is made or uncovered, or
- b. The Applicant does not provide, within the time specified by the Authority, the supplemental information sought by the Authority for evaluation of the Application.

In case it is found during the evaluation or at any time before signing of the Agreement or after its execution and during the period of subsistence thereof including the concession thereby granted by “The Authority”, that one or more of the pre-qualification conditions have not been met by the Applicant, or the Applicant has made material misrepresentation or has given any materially incorrect or false information, the Applicant shall be disqualified forthwith if not yet appointed as the Successful Bidder either by issue of the LOA (Letter of Approval) or entering into of the Agreement, and if the Applicant has already been issued the LOA or has entered into the Concession Agreement, as the case may be, the same shall, notwithstanding anything to the contrary contained therein or in this TENDER, be liable to be terminated, by a communication in writing by “The Authority” to the Applicant, without the Authority being liable in any manner whatsoever to the Applicant and without prejudice to any other right or remedy which the Authority may have under this TENDER, the Bidding Documents, the Concession Agreement or under applicable law.

“The Authority” reserves the right to verify all statements, information and documents submitted by the Applicant in response to the TENDER. Any such verification or lack of such verification by the Authority shall not relieve the Applicant of its obligations or liabilities hereunder nor will it affect any rights of the Authority there under.

46. The bid shall be rejected if the bidder

- a. Stipulates the validity period less than 180 days.
- b. Stipulates own condition/conditions.
- c. Does not fill and (digital) sign undertaking forms, which are incorporated, in the document.

47. Clarifications

Applicants requiring any clarification on the tender may notify “the Authority” in writing or by fax or e-mail. They should send in their queries before the date specified in the header data. “The Authority” shall Endeavor to respond to the queries within the period specified therein. The responses will be sent by fax

and/or e-mail. The Authority will forward all the queries and its responses thereto, to all purchasers of the TENDER without identifying the source of queries.

“The Authority” shall Endeavor to respond to the questions raised or clarifications sought by the Applicants. However, the Authority reserves the right not to respond to any question or provide any clarification, in its sole discretion, and nothing in this Clause shall be taken or read as compelling or requiring the Authority to respond to any question or to provide any clarification, but not later than the date provided in header data.

“The Authority” may also on its own motion, if deemed necessary, issue interpretations and clarifications to all Applicants. All clarifications and interpretations issued by the Authority shall be deemed to be part of the tender. Verbal clarifications and information given by Authority or its employees or representatives shall not in any way or manner be binding on the Authority.

48. Amendment of tender

At any time prior to the deadline for submission of Application, the Authority may, for any reason, whether at its own initiative or in response to clarifications requested by an Applicant, modify the tender by the issuance of Addendum.

Any Addendum thus issued will be sent in writing/ Fax/ Email to all those who have purchased the tender.

In order to afford the Applicants a reasonable time for taking an Addendum into account, or for any other reason, the Authority may, in its sole discretion, extend the Application Due Date.

G. Preparation and Submission of Application

49. Language

The Application and all related correspondence and documents in relation to the Bidding Process shall be in English language. Supporting documents and printed literature furnished by the Applicant with the Application may be in any other language provided that they are accompanied by translations of all the pertinent passages in the English language, duly authenticated and certified by the Applicant. Supporting materials, which are not translated into English, may not be considered. For the purpose of interpretation and evaluation of the Application, the English language translation shall prevail.

50. Format and signing of Application

The Applicant shall provide all the information sought under this TENDER. The Authority will evaluate only those Applications that are received in the required formats and complete in all respects. Incomplete and /or conditional Applications shall be liable to rejection.

The Applicant will upload bid in One Folder in electronic form which shall contain the scanned certified copies of the documents given below and the documents uploaded has to be digitally signed by the bidder. These copies shall be certified by Practicing Notary approved by the Govt. of Maharashtra or Govt. of India with his stamp, clearly stating his name & registration number, except where original documents are demanded.

51. Marking of Applications

The Applicant shall submit the Application in the format specified, together with the documents; upload in folder as “VENDOR” together with their respective enclosures.

Applications submitted by fax, telex, telegram shall not be entertained and shall be rejected outright.

52. Late Applications

Applications received by the Authority after the specified time on the Application Due Date shall not be eligible for consideration and shall be summarily rejected.

53. Confidentiality

Information relating to the examination, clarification, evaluation, and recommendation for the short-listed qualified Applicants shall not be disclosed to any person who is not officially concerned with the process or is not a retained professional advisor advising the Authority in relation to or matters arising out of, or concerning the Bidding Process. The Authority will treat all information, submitted as part of Application, in confidence and will require all those who have access to such material to treat the same in confidence. The Authority may not divulge any such information unless it is directed to do so by any statutory entity that has the power under law to require its disclosure or is to enforce or assert any right or privilege of the statutory entity and/ or the Authority or as may be required by law or in connection with any legal process.

54. Clarification of Financial Bids

To assist in the examination, evaluation and comparison of Bids, the Engineer may, at his discretion, ask any bidder for clarification of his Bid, including breakdown of unit rates. The request for clarification and the response shall be in writing or by post/facsimile/e-mail. No Bidder shall contact the Engineer on any

matter relating to his bid from the time of the bid opening to the time the contract is awarded. Any effort by the Bidder to influence the Engineer in the Engineer's bid evaluation, bid comparison or contract award decisions may result in the rejection of the Bidder's bid.

55. Inspection of site and sufficiency of tender:

1. The Contractor shall inspect and examine the site and its surrounding and shall satisfy himself before submitting his tender as to the nature of the work (so far as is practicable), the form and nature of the site, the quantities and nature of the work and materials/equipment/vehicles necessary for the completion of the works and means of access to the site, and in general shall himself obtain all necessary information as to risk, contingencies and other circumstances which may influence or affect his tender. He shall also take into consideration the climatic conditions.
2. The Contractor shall be deemed to have satisfied himself before tendering as to the correctness and sufficiency of his tender for the works and of the rates and prices quoted in the schedule of works / items / quantities, or in Bill of Quantities, which rates and prices shall, except as otherwise provided cover all his obligations under the Contract and all matters and things necessary for proper completion and maintenance of the works. No extra charges consequent on any misunderstanding.
3. **Not Foreseeable Physical Obstructions or Conditions:** If, however, during the execution of the Works the Contractor encounters physical obstructions or physical conditions, other than climatic conditions on the Site, which obstructions or conditions were, in his opinion, not foreseeable by an experienced contractor, the Contractor shall forthwith give notice thereof to the Engineer. On receipt of such notice, the Engineer shall, if in his opinion such obstructions or conditions could not have been reasonably foreseen by an experienced contractor, after due consultation with the Contractor, determine:
 - Any extension of time to which the Contractor is entitled and
 - And shall notify the Contractor accordingly. Such determination shall take account of any instruction which the Engineer may issue to the Contractor in connection therewith, and any proper and reasonable measures acceptable to the Engineer which the Contractor may take in the absence of specific instructions from the Engineer. However such costing shall be got approved by the competent authority as governed vide rules prevailing with authority.

56. Official Secrecy:

The Contractor shall of all the persons employed in any works in connection with the contract that the India Official Secrets Act 1923 (XIX of 1923) applies to them and will continue to apply even after execution of the said works and they will not disclose any information regarding this contract to any third party. The contractor shall also bring into notice that, any information found to be leaked out or disclosed the concern person as well as the Contractor will be liable for penal action; further the Corporation will be at liberty to terminate the contract without notice.

57. Subsequent Legislation:

If on the day of submission of bids for the contract, there occur changes to any National or State stature, Ordinance, decree or other law or any regulation or By-laws or any local or other duly constituted authority or the introduction of any such National or State Statute, Ordinance, decree or by which causes additional or reduced cost to the Contractor, such additional or reduced cost shall, after due consultation with the Contractor, be determined by the concerned Engineering Department of BMC and shall be added to or deducted from the Contract Price with prior approval of competent authority and the concerned Engineering Department shall notify the Contractor accordingly with a copy to the Employer. BMC reserve the right to take decision in respect of addition/reduction of cost in contract.

58. Patent, Right and Royalties:

The contractor shall save harmless and indemnify the Corporation from and against all claims and proceedings for or on account of infringement of any Patent rights, design trademark or name of other protected rights in respect of machine work, or material used for or in connection with the Works or any of them and from and against all claims, proceedings, damages, costs, charges and expenses whatsoever in respect thereof or in relation thereto.

59. Payments, Tax and Claims:

a. The limit for unforeseen claims:-

Under no circumstances whatever the contractor shall be entitled to any compensation from BMC on any account unless the contractor shall have submitted a claim in writing to the Eng-in-charge within 1 month of the case of such claim occurring.

b. No interest for delayed payments due to disputes, etc:

It is agreed that the Brihanmumbai Municipal Corporation or its Engineer or Officer shall not be liable to pay any interest or damage with respect of any moneys or balance which may be in its or its Engineer's or officer's hands owing

to any dispute or difference or claim or misunderstanding between the Municipal Corporation of Greater Bombay or its Engineer or Officer on the one hand and the contractor on the other, or with respect to any delay on the part of the Brihanmumbai Municipal Corporation or its Engineer or Officers in making periodical or final payments or in any other respect whatever.

60. Settlement of Disputes:

a. Termination of contract for death:-

If the Contractor is an individual or a proprietary concern and the individual or the proprietor dies and if the Contractor is a partnership concern and one of the legal representative of the individual Contractor or the proprietor of the proprietary concern and in case of partnership, the surviving partners, are capable of carrying out and completing the contract, the Commissioner shall be entitled to cancel the contract as to its uncompleted part without the Corporation being in any way liable to payment of any compensation to the estate of the deceased Contractor and or to the surviving partners of the Contractor's firm on account of the cancellation of the contract. The decision of the Commissioner that the legal representative of the deceased Contractor or surviving partners of the Contractor's firm cannot carry out and complete the contract shall be final and binding on the parties. In the event of such cancellation the Commissioner shall not hold estate of the deceased Contractor and or surviving partners of the Contractor's firm liable in damages for not completing the contract.

b. Settlement of Disputes:

If any dispute or differences of any kind whatsoever other than those in respect of which, the decision of any person is, by the Contract, expressed to be final and binding) shall arise between the Employer and the Contractor or the Engineer and the Contractor in connection with or arising out of the Contract or carrying out of the Works (Whether during the progress of the Works or after their completion and whether before or after the termination, abandonment or breach of the Contract) it, the aggrieved party may refer such dispute within a period of 7 days to the concerned Addl. Municipal Commissioner who shall constitute a committee comprising of three officers i.e. concerned Deputy Municipal Commissioner or Director (ES&P), Chief Engineer other than the Engineer of the Contract and concerned Chief Accountant. The Committee shall give decision in writing within 60 days. Appeal on the Order of the Committee may be referred to the Municipal Commissioner within 7 days. Thereafter the Municipal Commissioner shall constitute a Committee comprising of three Addl. Municipal Commissioners including Addl. Municipal Commissioner in charge of Finance

Department. The Municipal Commissioner within a period of 90 days after being requested to do so shall give written notice of committee's decision to the Contractor. Save as herein provided such decision in respect of every matter so referred shall be final and binding upon both parties until & after the completion of the works, and shall forthwith be given effect to by the Contractor who shall proceed with the works with due diligence, whether he requires arbitration as hereinafter provided or not. If the Commissioner has given written notice of the decision to the Contractor and no Claim to arbitration has been communicated within a period of 90 days from receipt of such notice the said decision shall remain final and binding upon the Contractor.

61. Arbitration and Jurisdiction:

If the Commissioner shall fail to give notice of the decision as aforesaid within a period of 90 days after being requested as aforesaid, or if the Contractor be dissatisfied with any such decision, then and in any such case the Contractor may within 90 days after receiving notice of such decision or within 90 days after the expirations of the first named period of 90 days (as the case may be) require that the matter or matters in dispute be referred to arbitration as hereinafter provided. All disputes or differences in respect of which the decision (if any) of the Commissioner has not become final and binding as aforesaid shall be finally settled by Arbitration as follows: Arbitration shall be effected by a single arbitrator agreed upon the parties. The arbitration shall be conducted in accordance with the provisions of the Arbitration Act, 1996 or any statutory modifications thereof, and shall be held at such place and time within the limits of Brihanmumbai as the arbitrator may determine. The decision of the arbitrator shall be final and binding upon the parties hereto and the expense of the arbitration shall be paid as may be determined by the arbitrator. Performance under the Contract shall, if reasonably be possible, continued during the arbitration proceedings and payment due to the Contractor by the Employer shall not be withheld unless they are the subject matter of arbitration proceedings. The said arbitrator shall have full power to open up, review and revise any decision, opinion, direction, certification or valuation of the Commissioner and neither party shall be limited in the proceedings before such arbitrator to the evidence or arguments put before the Commissioner for the purpose of obtaining his said decision. No decision given by the Commissioner in accordance with the foregoing provisions shall disqualify him from being called as a witness and giving evidence before the arbitrator on any matters whatsoever relevant to the disputes or difference referred to the arbitrator as aforesaid. All awards shall be in writing

and for claims equivalent to 5,00,000 or more such awards shall state reasons for amounts awarded. The expenditure of arbitration shall be paid as may be determined by arbitrator.

In case of any claim, dispute or difference arising in respect of a contract, the cause of action thereof shall be deemed to have arisen in Mumbai and all legal proceedings in respect of any claim, dispute or difference shall be instituted in a competent court in the City of Mumbai only.

62. Receipts to be signed in firm's name by any one of the partners:

Every receipt for money which may become payable or for any security which may become transferable to the Contractor under these present shall, if signed in the partnership name by any one of the partners, be a good and sufficient discharge to the Commissioner and Municipal Corporation in respect of the money or security purporting to be acknowledged thereby, and in the event of death of any of the partners during the pendency of this contract, it is hereby expressly agreed that every receipt by any one of the surviving partners shall, if so signed as aforesaid, be good and sufficient discharge as aforesaid provided that nothing in this clause contained shall be deemed to prejudice or effect any claim which the Commissioner or the Corporation may hereafter have against the legal representatives of any partners so dying or in respect of any breach of any of the conditions thereof, provided also that nothing in this clause contained shall be deemed prejudicial or affect the respective rights or obligations of the Contractors and of the legal representatives of any deceased Contractors interest.

63. Proprietary data:

All documents and other information supplied by the Authority or submitted by an Applicant to the Authority shall remain or become the property of the Authority. Applicants are to treat all information as strictly confidential and shall not use it for any purpose other than for preparation and submission of their Application. The Authority will not return any Application or any information provided along therewith.

64. Correspondence with the Applicant:

Save and except as provided in this TENDER, the Authority shall not entertain any correspondence with any Applicant in relation to the acceptance or rejection of any Application.

65. Payment:

- i. Bills shall be submitted by the Contractor from time to time (but at an interval of not less than one month) for the works executed. The Engineer shall arrange to

have the bills verified by taking or causing to be taken, where necessary, the requisite measurement of work.

- ii. Payment on account for amount admissible shall be made on the Engineer certifying the sum to which the Contractor is considered entitled by way of payment for all the work executed, after deducting there from the amount already paid, and such other amounts as may be deductible or recoverable in terms of the contract.

66. JOINT VENTURE:-

Joint Venture is **not allowed** in this tender.

67. Action And Compensation Payable In Case Of Bad Work And Not Done As Per Specifications

All works under or in course of execution or executed in pursuance of the contract, shall at all times be open and accessible to the inspection and supervision of the Engineer-in-charge, his authorized subordinates in charge of the work and all the superior officers, officer of the Vigilance Department of the BMC or any organization engaged by the BMC for Quality Assurance and the contractor shall, at all times, during the usual working hours and at all other times at which reasonable notice of the visit of such officers has been given to the contractor, either himself be present to receive orders and instructions or have a responsible agent duly accredited in writing, present for that purpose. Orders given to the Contractor's agent shall be considered to have the same force as if they had been given to the contractor himself.

If it shall appear to the Engineer-in-charge or his authorized subordinates in-charge of the work or to the officer of Vigilance Department, that any work has been executed with unsound, imperfect or unskillful workmanship or with materials of any inferior description, or that any materials or articles provided by him for the execution of the work are unsound or of a quality inferior to that contracted for or otherwise not in accordance with the contract, the contractor shall, on demand in writing which shall be made within twelve months of the completion of the work from the Engineer-in-Charge specifying the work, materials or articles complained of notwithstanding that the same may have been passed, certified and paid for forthwith rectify, or remove and reconstruct the work so specified in whole or in part, as the case may require or as the case may be, remove the materials or articles so specified and provide other proper and suitable materials or articles at his own charge and cost. In the event of the

failing to do so within a period specified by the Engineer-in-Charge in his demand aforesaid, then the contractor shall be liable to pay compensation at the same rate as under clause 8.e. of the general condition of contract in section 9 of tender document (for Compensation for delay) for this default. In such case the Engineer-in Charge may not accept the item of work at the rates applicable under the contract but may accept such items at reduced rates as the Engineer in charge may consider reasonable during the preparation of on account bills or final bill if the item is so acceptable without detriment to the safety and utility of the item and the structure or he may reject the work outright without any payment and/or get it and other connected and incidental items rectified, or removed and re-executed at the risk and cost of the contractor. Decision of the Engineer-in-Charge to be conveyed in writing in respect of the same will be final and binding on the contractor.

If the penalization amount exceeds maximum limit with respect to Clause 8.e of Standard General Conditions of Contract, then a show cause notice shall necessarily be issued to the contract as to why the contract should not be terminated.

68. Contractors remain liable to pay compensation:

In any case in which any of the powers conferred upon the Engineer In-charge by the relevant clauses in documents that form a part of contract as exercised or is exercisable in the event of any future case of default by the Contractor, he is declared liable to pay compensation amounting to the whole of his security deposit. The liability of the Contractor for past and future compensation shall remain unaffected.

69. INTERNAL GRIEVANCE REDRESSAL MECHANISM

B.M.C. has formed an Internal Grievance Redressal Mechanism for redressal of grievances. Any Bidder or prospective Bidder aggrieved that any decision, action or omission of the procuring entity being contrary to the provisions of the tender or any rules or guidelines issued therein, in Packet 'A', 'B' & 'C' can make an application for review of decision of responsiveness in Packet 'A', 'B' & 'C' within a period of 7 days or any such other period, as may be specified in the Bid document.

While making such an application to procuring entity for review, aggrieved bidders or Prospective bidders shall clearly specify the ground or grounds in respect of which he feels aggrieved.

Provided that after declaration of a bidder as a successful in Packet 'A' (General Requirements), an application for review may be filed only by a bidder

who has participated in procurement proceedings and after declaration of successful bidder in Packet 'B' (Technical Bid), an application for review may be filed only by successful bidders of Packet 'A'. Provided further that, an application for review of the financial bid can be submitted, by the bidder whose technical bid is found to be acceptable / responsive.

Upon receipt of such application for review, B.M.C. may decide whether the bid process is required to be suspended pending disposal of such review. The B.M.C. after examining the application and the documents available to him, give such reliefs, as may be considered appropriate and communicate its decision to the Applicant and if required to other bidders or prospective bidders, as the case may be.

B.M.C. shall deal and dispose off such application as expeditiously as possible and in any case within 10 days from the date of receipt of such application or such other period as may be specified in pre-qualification document, bidder registration document or bid documents, as the case may be.

Where B.M.C. fails to dispose off the application within the specified period or if the bidder or prospective bidder feels aggrieved by the decision of the procuring entity, such bidder or prospective bidder may file an application for redressal before the 'Internal Procurement Redressal Committee' within 7 days of the expiry of the allowed time or of the date of receipt of the decision, as the case may be. Every such application for internal redressal before Redressal Committee shall be accompanied by fee of Rs.25,000/- fee shall be paid in the form of D.D. in favour of B.M.C.

1stAppeal by the bidder against the decision of C.E./HoD/Dean can be made to concerned D.M.C/Director who should decide appeal in 7 days. If not satisfied, 2ndAppeal by the bidder can be made to concerned A.M.C. for decision.

Grievance Redressal Committee (GRC) is headed by Concerned D.M.C/Director of particular department for the first appeal / Grievances by the bidder against the decision for responsiveness / Non-Responsiveness In Packet 'A', Packet 'B' or Packet 'C' and if not satisfied, Concerned A.M.C. will take decision as per second appeal made by the bidder.

This Grievance Redressal Committee (GRC) will be operated through DMC (CPD) office where appeals of aggrieved bidder will be received with fee of Rs.25000/-from aggrieved bidder. The necessary correspondence in respect of said applications to the aggrieved bidder & concerned department, issuing notices, arranging of Grievance Redressal Committee (GRC) with D.M.C. and further proceeding will be carried out through registrar appointed by BMC.

No application shall be maintainable before the Redressal Committee in regard of any decision of the B.M.C. relating to following issues:-

- i) Determination of need of procurement
- ii) The decision of whether or not to enter into negotiations.

Cancellation of a procurement process for certain reasons. On receipt of recommendation of the Committee, It will be communicate his decision thereon to the Applicant and to the Committee within 10 days or such further time not exceeding 20 days, as may be considered necessary from the date of receipt of the recommendation and in case of non-acceptance of any recommendation, the reason of such non-acceptance shall also be mentioned in such communication.

Additional Municipal Commissioner and/or Procurement Redressal Committee, if found, come to the conclusion that any such complaint or review is of vexatious, frivolous or malicious nature and submitted with the intention of delaying or defeating any procurement or causing loss to the procuring entity or any other bidder, then such complainant shall be punished with fine, which may extend to Five Lac rupees or two percent of the value of the procurement, whichever is higher.

70. Contractor to supply equipment etc. required to carry out the work and is liable for damages arising for its non-provision.

The Contractor shall supply at his own cost all material, plant, tools, appliances, implements, equipment's, vehicles requisite or proper for the proper execution of the work, whether, in the original altered or substituted form and whether included in the specification of other documents forming part of the contract or referred to in these conditions or not and which may be necessary for the purpose of satisfying or complying with the requirements of the Eng-In-Charge as to any matter as to which under these conditions is entitled to be satisfied, or which is entitled to require together with the carriage therefore to and from the work.

The contractor shall provide all necessary measures & precautions to protect the public from accident and shall also be bound to bear the expenses of defense of every suit, action or other legal proceedings, that may be brought by any person for injury sustained owing to neglect of the above precautions and to pay any damages and cost which may be awarded in any such suit action or proceedings to any such person or which may with the consent of the contractor be paid for compromising any claim by any such person.

71. Prevention of Fire:

The contractor shall not set fire to any standing jungle, trees, brushwood or grass or waste.

72. Compensation for all damages done intentionally or unintentionally by contractor whether in or beyond the limits of BMC property including any damage caused by spreading the fire shall be estimated by the Engineer In-charge or such other officer as he may appoint and the estimate of the Engineer in-charge to the decision of the Dy. Chief Engineer on appeal shall be final and the contractor shall be bound to pay the amount of the assessed compensation on demand failing which the same will be recovered from the Contractor as damages or deducted by the Engineer In-charge from any sums that may be due or become due from BMC to contractor under this Contract or otherwise. Contractor shall bear the expenses of defending any action or other legal proceedings that may be brought to prevent the spread of fire and he shall pay any damages and costs that may be awarded by the Court in consequence.

73. In the case of Tender by partners, any change in the constitution of the firm shall be forthwith, notified by the contractor through the Engineer In-charge for his information.

74. Action where no specifications:

In the event of there being no such specifications, then in such case, the work shall be carried out in all respects in accordance with all instructions and requirements of the Engineer In-charge.

75. Safety and medical help:

- i. The Contractor shall be responsible for and shall pay the expenses of providing medical help to any workmen who may suffer a bodily injury as a result of an accident. If such expenses are incurred by BMC, the same shall be recoverable from the contractor forthwith and be included without prejudice to any other remedy of BMC from any amount due or that may become due to the Contractor.
- ii. The contractor shall provide necessary personal safety equipment and first-aid box for the use of persons employed on the site and shall maintain the same in condition suitable for immediate use at any time.
- iii. The workers shall be required to use the safety equipment's so provided by the contractor and the contractor shall take adequate steps to ensure the proper use of equipments by those concerned.
- iv. When the work is carried on in proximity to any place where there is risk or drawing all necessary equipments shall be provided and kept ready for use

and all necessary steps shall be taken for the prompt rescue of any person in danger.

76. Anti-malaria and other health measures:

Anti-Malaria and other health measures shall be taken as directed by the Executive Health Officer of BMC. Contractor shall see that mosquitogenic conditions are created so as to keep vector population to minimum level. Contractor shall carry out anti-malaria measures in the area as per the guidelines issued by the Executive Health Officer of BMC from time to time.

In case of default, in carrying out prescribed anti-malaria measures resulting in increase in malaria incidence, contractor shall be liable to pay BMC on anti-malaria measures to control the situation in addition to fine.

SECTION 10

SPECIFICATION

SPECIFICATIONS & SELECTION OF MATERIAL

Detailed Scope of Work / Technical Specifications are mentioned in Section 7 of the e-Tender Document.

SELECTION OF MATERIAL

1. All materials brought on the site of work and meant to be used in the same, shall be the best of their respective kinds and to the approval of the Engineer. The Engineer or his representative will accept that the materials are really the best of their kinds, when it is proved beyond doubt that no better materials of the particular kind in question are available in the market.
2. The contractor shall obtain the approval of the Engineer of samples of all materials to be used in the works and shall deposit these samples with him before placing an order for the materials with the suppliers. The materials brought on the works shall conform in every respect to their approved samples. Fresh samples shall be deposited with the Engineer whenever the type or source of any material changes.
3. The contractor shall check each fresh consignment of materials as it is brought to the site of works to see that they conform in all respects to the Specifications of the samples approved by the Engineer, or .
4. The Engineer will have the option to have any of the materials tested to find out whether they are in accordance with the Specifications and the Contractor will bear all expenses for such testing. All bills, vouchers and test certificates, which in the opinion of the Engineer or his representative are necessary to convince him as to the quality of the materials or their suitability shall be produced for his inspection when required.
5. Any materials that have not been found to conform to the specifications will be rejected forthwith and shall be removed from the site by the contractor at his own cost within 24 hours.
6. The Engineer shall have power to cause the Contractors to purchase and use such materials from any particular source, as may in his opinion be necessary for the proper execution of the work.

SECTION 11
Fraud & Corrupt
Practices

FRAUD AND CORRUPT PRACTICES

- The Applicants and their respective officers, employees, agents and advisers shall observe the highest standard of ethics during the Bidding Process. Notwithstanding anything to the contrary contained herein, the Authority may reject an Application without being liable in any manner whatsoever to the Applicant if it determines that the Applicant has, directly or indirectly or through an agent, engaged in corrupt practice, fraudulent practice, coercive practice, undesirable practice or restrictive practice in the Bidding Process.
- Without prejudice to the rights of the Authority under relevant Clause hereinabove, if an Applicant is found by the Authority to have directly or indirectly or through an agent, engaged or indulged in any corrupt practice, fraudulent practice, coercive practice, undesirable practice or restrictive practice during the Bidding Process, such Applicant shall not be eligible to participate in any tender or RFQ issued by the Authority during a period of 2 (two) years from the date such Applicant is found by the Authority to have directly or indirectly or through an agent, engaged or indulged in any corrupt practice, fraudulent practice, coercive practice, undesirable practice or restrictive practice, as the case may be.
- For the purposes of this Clause, the following terms shall have the meaning hereinafter respectively assigned to them:

A. “Corrupt practice” means:

The offering, giving, receiving, or soliciting, directly or indirectly, of anything of value to influence the actions of any person connected with the Bidding Process (for avoidance of doubt, offering of employment to, or employing, or engaging in any manner whatsoever, directly or indirectly, any official of the Authority who is or has been associated in any manner, directly or indirectly, with the Bidding Process or the LOA or has dealt with matters concerning the Concession Agreement or arising there from, before or after the execution thereof, at any time prior to the expiry of one year from the date such official resigns or retires from or otherwise ceases to be in the service of the Authority, shall be deemed to constitute influencing the actions of a person connected with the Bidding Process); or save and except as permitted under the relevant sub clause, engaging in any manner whatsoever, whether during the Bidding Process or after the issue of the LOA or after the execution of the Concession Agreement, as the case may be, any person in respect of any matter relating to the Project or the LOA or the Concession Agreement, who at any time has been or is a legal,

financial or technical adviser of the Authority in relation to any matter concerning the Project;

- B. **“Fraudulent practice”** means a misrepresentation or omission of facts or suppression of facts or disclosure of incomplete facts, in order to influence the Bidding Process.
- C. **“Coercive practice”** means impairing or harming or threatening to impair or harm, directly or indirectly, any person or property to influence any person’s participation or action in the Bidding Process.
- D. **“Undesirable practice”** means (i) establishing contact with any person connected with or employed or engaged by the Authority with the objective of canvassing, lobbying or in any manner influencing or attempting to influence the Bidding Process; or (ii) having a Conflict of Interest; and
- E. **“Restrictive practice”** means forming a cartel or arriving at any understanding or arrangement among Applicants with the objective of restricting or manipulating a full and fair competition in the Bidding Process.
- F. If the Employer/Financier determines that the Contractor has engaged in corrupt, fraudulent, collusive, coercive or obstructive practices, in competing for or in executing the Contract, then the Employer may, after giving 14 days notice to the Contractor, terminate the Contractor's employment under the Contract and expel him from the Site, and the provisions of relevant Clause shall apply as if such expulsion had been made.
- G. Should any employee of the Contractor be determined to have engaged in corrupt, fraudulent, collusive, coercive, or obstructive practice during the execution of the Works, then that employee shall be removed in accordance with relevant Clause.

For the purposes of this Sub-Clause:

- i. **“Corrupt Practice”** is the offering, giving, receiving to soliciting, directly or indirectly, of anything of value to influence improperly the actions of another party.
- ii. “Another party” refers to a public official acting in relation to the procurement process or contract execution. In this context, “public official” includes Financier staff and employees of other organizations taking or reviewing procurement decisions.
- iii. **“Fraudulent practice”** is any act or omission, including a misrepresentation, that knowingly or recklessly misleads, or attempts to mislead, a party to obtain a financial or other benefit or to avoid an obligation.

- iv. **“Collusive practice”** is an arrangement between two or more parties designed to achieve an improper purpose, including to influence improperly the actions of another party.
- v. **“Coercive practice”** is impairing or harming, or threatening to impair or harm, directly or indirectly, any party or the property of the party to influence improperly the actions of a party.
- vi. **“Obstructive practice”** is deliberately destroying, falsifying, altering or concealing of evidence material to the investigation or making false statements to investigators in order to materially impede the Financier investigation into allegations of a corrupt, fraudulent, coercive or collusive practice; and/or threatening, harassing or intimidating any party to prevent it from disclosing its knowledge of matters relevant to the investigation or from pursuing the investigation; or
- vii. Acts intended to materially impede the exercise of the Financier’s inspection and audit rights provided.
- viii. **“Party”** refers to a public official; the terms **“benefit”** and **“obligation”** relate to the procurement process or contract execution; and the “act or omission” is intended to influence the procurement process or contract execution.
- ix. **“Parties”** refers to participants in the procurement process (including public officials) attempting to establish bid prices at artificial, noncompetitive levels.
- x. A **“party”** refers to a participant in the procurement process or contract execution.

SECTION 12

Pre Bid Meeting

PRE-BID MEETING

Pre-bid meeting of the interested parties shall be convened at the designated date, time and place. A maximum of three representatives of each Applicant shall be allowed to participate on production of authority letter from the Applicant. During the course of Pre-bid meeting, the Applicants will be free to seek clarifications and make suggestions for consideration of the Authority. The Authority shall Endeavour to provide clarifications and such further information as it may, in its sole discretion, consider appropriate for facilitating a fair, transparent and competitive Bidding Process.

SECTION 13
